815. Decrease in number of ward council members.

816. Election of members of council where wards abolished.

817. Vacancies created after a primary election.

818. Decrease in number of members of council.

§ 811. Election.

Biennially, at the municipal election, a sufficient number of members of council shall be elected to fill the places of members whose terms shall, under this part, expire on the first Monday of January following the election. Members elected under this section shall serve for a term of four years from the first Monday of January succeeding the municipal election.

§ 812. Election of members of council.

(a) General rule.--If council, by ordinance, divides any borough into wards, erects new wards out of two or more wards or parts of wards or divides a ward already erected into two or more wards, the ordinance shall provide for the election of an equal number of members of council, in each of the wards, in a manner as not to interfere with the terms of those previously elected.

(b) Election of members.--The following shall apply:

(1) If a borough is first divided into wards, the ordinance providing for the division shall fix the number of members of council in each ward at not more than two. If the entire number of council is to be composed of an even number, one-half of the entire number must be elected at each municipal election. If the entire number of council is to be an odd number, the ordinance shall establish two classes and provide that one-half of the entire number of members of council, less one, shall, as soon as possible, take their office in a year divisible by four, and the remaining number of members of council shall take their office in an even-numbered year not divisible by four.

(2) The apportionment under paragraph (1) shall be equal or as nearly equal as possible representation by wards in each class. If, upon the division of a borough into wards or the creation of a new ward, the number of members of council cannot be equally divided among the wards of the borough, it shall be lawful for council to increase the number of council members to and not exceeding a number that will enable equal apportionment of the members among the several wards of the borough. If a borough is first divided into wards, the number of members of council provided for a ward may not exceed two.

Council may, upon petition of at least 5% of the registered electors of the borough, increase the number of members of council to any number not exceeding two for each ward. § 815. Decrease in number of ward council members.

(a) General rule.--If, in any borough divided into wards, the council consists of more than seven members, at least 5% of the registered electors of the borough shall have the power to petition council for a decrease in the number of members of council from each ward, except that the council may not consist of less than seven members. - (5) The expedition of the conduct of council meetings.

(b) Petitions.--A petition under subsection (a) shall clearly state whether the petitioners request that the number of members of the council to be elected in each ward shall be reduced from two to one, or from three to two or one, and the reasons why the reduction in number is desired. The petition may state whether it is necessary to add a council member or members to be elected at large in order to achieve or maintain a council consisting of at least seven members or to achieve or maintain a council consisting of an odd number of members. The sufficiency of the number of signers to the petition shall be ascertained as of the date the petition is presented to council.

(c) Notice.--The council shall give notice of the filing of the petition by advertisement in the legal newspaper of the county, if one is published in the county, and in one newspaper of general circulation, and of a day and time for a public meeting. After the public meeting, council may, by ordinance, decrease the number of council members elected from each ward from two to one, or from three to two or one, and may also provide for the election at large of a member or members of council.

(d) Terms.--Council shall, if necessary, establish a schedule for the subsequent at-large election of council members. The schedule may provide that the initial term of one or more of the council members subsequently elected at large shall be reduced to accommodate a schedule of staggered at-large elections to eventually ensure that, as nearly as possible, one-half of the members of council elected at large will be elected at each municipal election. The following shall apply:

(1) At each municipal election in the borough, if there are two members from each ward, the electors of each ward shall elect one council member to hold office for a term of four years from the first Monday of January succeeding the election.

(2) At each municipal election in the borough, if there is one member from each ward, the electors from each of the odd-numbered wards shall, at the first municipal election, elect one council member for a term of four years, and the electors from each of the even-numbered wards shall elect one council member for a term of two years. At each

succeeding municipal election, the electors of the even-numbered wards or odd-numbered wards shall each elect one council member for a term of four years to take the place of those whose terms are about to expire. The council members shall take office on the first Monday of January following their election.

(e) Reduction.--In a borough where, under this section, the number of council members shall be reduced, the council members then in office shall remain in office until the end of their respective terms.

§ 816. Election of members of council where wards abolished.

(a) Abolishing.--If council, by ordinance, abolishes all wards in a borough, the ordinance shall provide for the election of seven members of council at large for the borough in a manner as not to interfere with the terms of those ward members of council previously elected. If there were previously:

(1) Seven members of council, the ordinance shall provide that, at the first municipal election, the electors shall elect three or four members of council, as the case may be, the number to be elected shall be that which, when added to the number of members of council already in office whose terms are not about to expire, shall bring the membership of the council to seven. The newly elected members of council shall serve for terms of four years from the first Monday of January following the first municipal election, except that, in any case where the election of four members of council shall be required to bring the membership of council to its full complement of seven and only three members of council are elected at the municipal election in the other boroughs of the Commonwealth not divided into wards, three members of council shall be elected for four-year terms and one for a two-year term. At every succeeding municipal election, the electors shall elect three or four members of council, as the case may be, each to serve for a term of four years from the first Monday of January following the municipal election.

(2) Eight or more members of council, the ordinance shall provide that, at the first municipal election, the electors shall elect a sufficient number of members of council that, when added to the number of members of council already in office whose terms are not about to expire, will bring the membership of the council to seven. The following shall apply:

(i) The newly elected members of council shall serve for terms of four years from the first Monday of January following the first municipal election. At the second municipal election after the effective date of the ordinance, the electors shall elect a sufficient number of members of council, that, when added to the number of members of council elected at the previous municipal election, shall bring the membership of council to its full complement of seven. Some of the members of council elected at the second municipal election shall serve for a four-year term following the first Monday of January following the municipal election, and the remainder shall serve for a two-year term, in an amount to bring the number to be elected in the borough in succeeding municipal elections into conformity with the number elected in the other boroughs of the Commonwealth not divided into wards.

(ii) In the third and all subsequent municipal elections following the effective date of the ordinance,

the electors shall elect three or four members of council, as the case may be, each to serve for a term of four years from the first Monday of January following the municipal election.

(iii) In any borough in which, under the ward system of electing members of council, there shall be seven or more members of council whose terms shall not expire on the first Monday of January following the first municipal election after the effective date of the ordinance, no members of council shall be elected at the first municipal election, and the members of council remaining in office shall constitute the council until the first Monday of January following the second municipal election following the effective date of the ordinance.

(iv) At the second municipal election, seven members of council shall be elected in the borough, some to serve for a four-year term of office from the first Monday of January following the second municipal election, and the remainder to serve for a two-year term, in an amount to bring the number of members of council to be elected in the borough in succeeding elections into conformity with the number elected in other boroughs of the Commonwealth not divided into wards.

(v) At the third and all subsequent municipal elections following the effective date of the ordinance, the electors shall elect three or four members of council, as the case may be, each to serve for a term of four years from the first Monday of January following the subsequent municipal election.

(3) Six or fewer members of council, the ordinance shall provide that, at the first municipal election, the electors shall elect a sufficient number of members of council that, when added to the number of members of council already in office whose terms are not about to expire, shall bring the membership of council to its full complement of seven. Of the newly elected members of council, either three or four, as necessary to bring the number of members of council to be elected in the borough in succeeding municipal elections into conformity with the number elected in other boroughs of the Commonwealth not divided into wards, shall be elected for four-year terms of office, beginning the first Monday of January following the first municipal election, and the balance shall be elected for two-year terms. At the second municipal election following the effective date of the ordinance and at all subsequent municipal elections, the electors shall elect three or four members of council, as the case may be, to serve for a term of four years from the first Monday of January following the subsequent municipal election.

(b) Vacancies.--At any time following the effective date of the ordinance, when a vacancy may occur in the office of a member of council originally elected or appointed from a particular ward, the individual appointed to fill the vacancy shall not be required to be a resident of the area formerly comprising the ward but shall be otherwise qualified for office as provided in section 801 (relating to eligibility).

§ 817. Vacancies created after a primary election.

If a vacancy is created in the office of a member of council by any ordinance or decree of court as provided in this subchapter after a primary election, it may be filled by nomination made by the committee as is authorized by the rules

of the party to make nominations in the event of vacancies on the party ticket.

§ 818. Decrease in number of members of council.

(a) Petition by electors.--The court of common pleas may, upon petition of at least 5% of the registered electors of any borough not divided into wards, which, according to the latest official census, had a population of not more than 3,000, reduce the total number of members of council for the borough from seven to five or to three. The sufficiency of the number of signers to the petition shall be ascertained as of the date when the petition is presented to court.

(b) Notice.--The court shall give notice of the filing of the petition by advertisement in the legal newspaper of the county, if one is published in the county, and in one newspaper of general circulation and fix a day and time for hearing. After the hearing, the court may decrease the number of members of council elected in the borough from seven to five or to three, as requested in the petition.

(c) Number to be elected.--

(1) At the municipal election following the decrease in the number of members of council from seven to five:

(i) If four members of council would otherwise have been elected, three members shall be elected.

(ii) If three members of council would otherwise have been elected, two members shall be elected.

(2) At the second municipal election following the decrease in the number of members of council:

(i) If four members of council would otherwise have been elected, three members shall be elected.

(ii) If three members of council would otherwise have been elected, two members shall be elected.

(3) At all following municipal elections, the proper number of members of council shall be elected to correspond to the number of members of council whose terms are to expire the first Monday of the following January.

(d) Election.--

(1) At the municipal election following the decrease in the number of members of council from seven to three:

(i) If four members of council would otherwise have been elected, two members shall be elected.

(ii) If three members of council would otherwise have been elected, one member shall be elected.

(2) At the second municipal election following the decrease in the number of members of council in the borough:

(i) If four members of council would otherwise have been elected, two members shall be elected.

(ii) If three members of council would otherwise have been elected, one member shall be elected.

(3) At all the following municipal elections, the proper number of members of council shall be elected to correspond to the number of members of council whose terms are to expire the first Monday of the following January.

(e) Terms.--In any borough in which, under this section, the number of members of council shall be reduced, the members of council then in office shall remain in office until the end of their respective terms. If a borough attains a population in excess of 3,000 according to the latest official census, the number of members of council shall automatically be increased from three or five to seven, following the reverse of the procedure set forth in subsection (c) or (d).

903. Right of council to declare seat of member vacant for failure to qualify.
904. (Reserved).
904.1. Removal of elected official and appointee.
905. Temporary auditor.

§ 901. Filling vacancies in elective borough offices.

(a) Vacancies.--If any vacancy occurs in the office of the mayor, member of council, auditor, controller or tax collector, by death, resignation under subsection (a.1) or termination of residency from the borough, or from a ward in the case of a ward office, or by failure to take the required oath, to give bond as provided by law or ordinance or to provide the affidavit required under section 801 (relating to eligibility), or in any other manner whatsoever, the council shall fill the vacancy within 30 days by appointing, by resolution, a registered elector of the borough, or of the ward in the case of a ward office, to hold the office, if the term continues that long, until the first Monday in January after the first municipal election occurring more than 60 days after the vacancy occurs, at which election an eligible individual shall be elected to the office for the remainder of the term. Except as provided in section 801(c), no individual shall be appointed to fill a vacancy in an elected borough or ward office unless the individual has resided within the borough, or within the ward in the case of a ward office, continuously for at least one year immediately prior to the individual's appointment.

(a.1) Vacancy by resignation.--

(1) A vacancy shall not be created by a resignation until the date that the resignation is accepted by a majority vote of a quorum of council at a public meeting or the effective date of the tendered resignation, whichever is later. A council must accept a resignation no later than 45 days after it has been tendered in writing to council, unless it is withdrawn in writing prior to acceptance.

(2) A resignation which is not accepted as provided under paragraph (1) shall be deemed accepted after 45 days.

(b) Bond.--The individual appointed shall give bond if required by law or ordinance. If the individual elected to the office fails to give any bond required, to provide the affidavit required under section 801 or to take the required oath, the council, before making the appointment, shall declare the office vacant.

(c) Unfilled vacancies.--If the council of any borough refuses, fails, neglects or is unable, for any reason whatsoever, to fill any vacancy within 30 days after the vacancy happens, as provided in this section, the vacancy shall be filled within 15 additional days by the vacancy board. The vacancy board shall consist of the council, exclusive of the mayor, and one registered elector of the borough who shall be appointed by the council at the council's first meeting each calendar year or as soon as practical and who shall act as chair of the vacancy board. The vacancy board shall appoint a registered elector of the borough, or ward in the case of a ward office, to hold the office, if the term continues that long, until the first Monday in January after the first municipal election occurring more than 60 days after the vacancy occurs, at which election an eligible individual shall be elected to the office for the remainder of the term.

(d) Board petition.--If the vacancy is not filled by the vacancy board within 15 days, the chair shall, or, in the case of a vacancy in the chair, the remaining members of the vacancy board shall, petition the court of common pleas to fill the vacancy by the appointment of a registered elector of the borough, or ward in the case of a ward, to hold the office, if the term continues that long, until the first Monday in January after the first municipal election occurring more than 60 days after the vacancy occurs, at which election an eligible individual shall be elected to the office for the remainder of the term.

(e) Elector petition.--If vacancies exist in more than a majority of the offices of council, the court of common pleas shall fill the vacancies upon presentation of petition signed by not less than 15 registered electors of the borough.

§ 902. Collection of taxes where vacancy in office of tax collector not filled.

If a vacancy in the office of tax collector exists and no registered elector of the borough has, within 30 days, received the appointment to fill the vacancy, the county commissioners, the council and the board of school directors of the school district shall collect the tax for the county, the borough and the school district, respectively, through their respective treasurers, or for school districts, at the option of the district, through their secretaries, and for boroughs, at the option of the council, through their secretaries or borough managers. Nothing in this section shall prohibit a borough from providing for agreements or the joint collection of taxes in accordance with sections 4.2 and 4.4 of the act of May 25, 1945 (P.L.1050, No.394), known as the Local Tax Collection Law.

§ 903. Right of council to declare seat of member vacant for failure to qualify.

If an individual, elected or appointed as a member of council and notified of election or appointment refuses or neglects to qualify as a member of council within ten days following the beginning of the individual's term of office, unless prevented by sickness or necessary absence from the borough, the council, acting without the individual, may declare the individual's office as member of council vacant and may fill the vacancy as provided in section 901 (relating to filling vacancies in elective borough offices). For these actions, a majority of the remaining members of the council shall constitute a quorum.

§ 904. (Reserved).

§ 904.1. Removal of elected official and appointee.

(a) Rule.--A borough officer who is elected or appointed to fill a vacancy in elective office may be removed from office as follows:

- (1) By impeachment.
- (2) By the Governor for reasonable cause after notice and full hearing on the advice of two-thirds of the Senate.
- (3) On conviction of misbehavior in office or of an infamous crime.

(b) Title.--The title to office of a borough officer under subsection (a) may be tried by quo warranto.

§ 905. Temporary auditor.

(a) Organization.--The council shall organize on the first Monday of January of each even-numbered year by electing one member as president and one member as vice president, who shall hold the offices at the pleasure of the council. If the first Monday is a legal holiday, the meeting and organization shall take place the following day. Any action taken by any council at any time between 12:01 a.m. on January 1 of an even-numbered year and the organization of council in that year shall be

subject to reconsideration by the new council at any time within ten days after organization. The council may, at the organizational meeting, appoint other officers as may be provided for by law or ordinance, or as may be deemed necessary for the conduct of affairs of the borough, and may transact any other business as may come before the meeting. The president, and, during the president's absence or incapacity, the vice president, shall preside over the meetings of council and perform other duties as are prescribed by this part or by ordinance.

(b) Quorum.--A majority of the membership of council then in office shall constitute a quorum. Except as provided in subsection (c), only council members physically present at a meeting place within the borough shall be counted in establishing a quorum.

(c) Telecommunication.--Council may provide for the participation of council members in council meetings by means of telecommunication devices, such as telephones or computer terminals, which permit, at a minimum, audio communication between locations, if the following apply:

(1) A majority of the membership of council then in office is physically present at the advertised meeting place within the borough and a quorum is established at the convening or reconvening of the meeting. If, after the convening or reconvening of a meeting, a member has been disqualified from voting as a matter of law, but is still physically present, council members participating by telecommunication device in accordance with this section shall be counted to maintain a quorum.

(2) The telecommunication device used permits the member or members of council not physically present at the meeting to:

(i) speak to and hear the comments and votes, if any, of the members of council who are physically present, as well as other members of council who may not be physically present and are also using a telecommunication device to participate in the meeting; and

(ii) speak to and hear the comments of the public who are physically present at the meeting.

(3) The telecommunication device used permits the members of council and the members of the public who are physically present at the meeting to speak to and hear the comments and the vote, if any, of the member or members of council who are not physically present at the meeting.

(4) Physical absence of a council member. Council may only authorize participation by telecommunication device for one or more of the following reasons:

(i) illness or disability of the member of council;

(ii) care for the ill or newborn in the member's immediate family;

(iii) emergency; and

(iv) family or business travel.

(5) Nothing in this subsection shall be construed to limit the protections and prohibitions contained in any law or regulation relating to the rights of the disabled.

(d) Voting.--A member of the council shall not be disqualified from voting on any issue before the council solely because the member has previously expressed an opinion on the issue in either an official or unofficial capacity.

(e) Compensation.--Members of council may receive compensation to be fixed by ordinance as follows:

(1) In boroughs with a population of less than 5,000, a maximum of \$1,875 per year.

(5) In boroughs with a population of 25,000 or more but less than 35,000, a maximum of \$4,375 per year.

(6) In boroughs with a population of 35,000 or more, a maximum of \$5,000 per year.

The salaries shall be payable monthly or quarterly for the duties imposed by this part. Benefits provided to members of council under section 1202(26) (relating to specific powers) shall not be considered pay, salary or compensation, but payment for all or a part of the premiums or charges for the benefits shall be in accordance with section 1202(26). Any change in salary, compensation or emoluments of the elected office shall become effective at the beginning of the next term of the member of council.

(f) Eligibility for compensation.--The population shall be determined by the latest available official census figures. In no case shall the compensation for any member of council exceed that of the mayor in any given borough, but, if the mayor's compensation exceeds that authorized by this section for members of council, the president of council may receive compensation not to exceed that of the office of mayor.

§ 1002. Oath of members of council.

Before entering upon the duties of their offices, the members of council shall take and subscribe an oath or affirmation of office under 53 Pa.C.S. § 1141 (relating to form of oaths of office). The oath or affirmation may be taken before any judge or magisterial district judge of the county, a notary public or the mayor of the borough when the individual has qualified, and the oath or affirmation shall be filed with the borough secretary and preserved among the records of the borough for a period of six years.

§ 1003. When the mayor may preside over council and vote, attendance of mayor at council meetings and breaking tie votes.

(a) Presiding over meetings.--The mayor shall preside over the organization of the council until it is organized as provided in section 1001 (relating to organization of council, quorum, participation by telecommunication device, voting, compensation and eligibility) and shall be deemed a member of council at the organizational meeting if the mayor's membership becomes necessary to constitute a quorum.

(b) Voting at meetings.--The mayor shall not vote at the meeting unless the mayor's vote shall, for any reason, be required to effect the organization of council or to elect any officer who is required to be or may be elected at the organizational meeting. If the mayor is absent from the organizational meeting, one of the members of council physically present at the meeting and chosen by the members eligible to vote at the meeting shall preside.

(c) Attendance.--The mayor may attend any or all regular and special meetings of council and take part in the discussions of the council on matters pertaining to borough affairs, subject to any restrictions applicable to members of council contained in the rules of order or bylaws of the council.

(d) Tie votes.--

(1) If, by reason of a tie or split vote, the council shall be unable to:

(i) enact or pass any ordinance, resolution or motion;

(ii) declare any vacancy pursuant to section 903 (relating to right of council to declare seat of member vacant for failure to qualify);

(iii) fill any other vacancy in its membership or in any other borough office; or

(iv) take any action on any matter lawfully brought before it;

the mayor, if in attendance at the meeting, may, at the mayor's option, cast the deciding vote or shall direct that the matter be tabled until a special meeting of council.

(2) The special meeting of council shall be held within not less than five days or more than ten days at which time the matter shall be reconsidered by council.

(3) If a tie or split vote still exists, it shall be the duty of the mayor at that time to cast the deciding vote.

(4) If a tie or split vote occurs at any meeting when the mayor is not in attendance, the matter shall be tabled to a special meeting to be held within not less than five days or more than ten days as set by the president of council, and the mayor shall be given at least five days' notice of the meeting, at which meeting it shall be the duty of the mayor to cast the tie-breaking vote.

§ 1004. Failure of council to organize.

If the council of any borough fails to organize within ten days from the time prescribed in this chapter, the court of common pleas, upon the petition of at least ten registered electors of the borough verified by the affidavit of one of the petitioners, shall issue a rule upon the delinquent members of council to show cause why their seats should not be declared vacant. The rule shall be returnable not less than five days from the time of its issue, and, after hearing, the court may declare the seats of the members of council responsible for the failure to organize vacant and shall appoint others in their place, who shall hold office for the respective unexpired terms.

§ 1005. Powers of council.

The council shall have power:

(1) To, by motion, ordinance or resolution, create the offices of and appoint a treasurer, a secretary, a solicitor, an engineer, a street commissioner and other officers as it deems necessary. The treasurer and the secretary shall not be members of council. A bank or bank and trust company may be appointed as treasurer. All officers and employees appointed by the council, with the exception of those who under this part or any other act are under civil service or have a definite term of office, shall serve for an indefinite term at the pleasure of the council.

(2) To mitigate or remit fines and forfeitures in reasonable cases.

(3) By resolution, to make temporary loans on the credit of the borough in anticipation of taxes to be collected and issue certificates of indebtedness. The loans shall be repaid from the first money available from taxes in anticipation of which the loans were made.

(4) With respect to depositories and securities, to:

(i) Appoint and revoke the appointment of one or more depositories for borough funds and to fix and approve security to be furnished by the depository. The security may be bonds with corporate or individual

securities to be approved by council, or collateral security consisting of obligations of the United States or the Commonwealth or any political subdivision, deposited with the borough or with any bank or trust company within this Commonwealth and of a market value of 120% of the amount of the deposit to be secured. Any deposit of collateral shall be under proper agreement and be accompanied by proper assignment or power of attorney for the transfer of the collateral. The borough treasurer shall deposit all borough funds in a depository designated under this subparagraph. If borough funds are deposited under this subparagraph, the borough treasurer shall be released and discharged from further liability on account of the deposit.

(ii) Subparagraph (i) shall not be construed to require a depository to furnish bond or collateral security to cover the amount of any deposit to the extent that the deposit is insured with the Federal Deposit Insurance Corporation.

(5) To secure indemnity bonds or policies of insurance as it may deem necessary to protect the borough from loss by reason of fire, flood, windstorm, burglary, larceny, negligence or dishonesty or insolvency of a depository, or otherwise, and to pay for the protection the usual or customary costs.

(6) With respect to investments, to:

(i) make investment of borough sinking funds as authorized by 53 Pa.C.S. Pt. VII Subpt. B (relating to indebtedness and borrowing);

(ii) make investment of money in the general fund and in special funds of the borough other than the sinking funds as authorized by Chapter 13 (relating to taxation and finance); and

(iii) liquidate any investment, in whole or in part, by disposing of securities or withdrawing funds on deposit. Any action taken to make or to liquidate any investment shall be made by the officers designated by action of the council.

(7) To provide, by ordinance passed by a two-thirds vote of the entire number of members of council elected, for the appointment of an independent auditor who shall be a certified public accountant registered in this Commonwealth, a firm of certified public accountants registered in this Commonwealth or a competent public accountant or a competent firm of public accountants.

(i) When an ordinance has been adopted, an independent auditor shall be appointed annually, by resolution before the close of the fiscal year, to make an independent examination of the accounting records of the borough for the fiscal year, and the independent auditor shall also perform the other duties and exercise the powers as conferred upon the independent auditor under Subchapter C (relating to auditors).

(ii) When an independent auditor is appointed as provided in this paragraph, the office of elected borough auditor or controller is abolished, but the borough auditor or controller then in office shall continue to hold office during the term for which elected, and the borough auditor or controller shall not audit, settle or adjust the accounts audited by the independent auditor but shall perform the other duties of office.

(iii) If any borough has provided by ordinance for the audit of its accounts by an appointed auditor, the borough shall have the right at any time to repeal the ordinance, and the office of appointed auditor shall be abolished as of the date set in the ordinance. The borough shall have the further right at the next municipal election following the repeal of the ordinance to elect three auditors, one for a term of two years, one for a term of four years and one for a term of six years, from the first Monday of January following the election, which auditors shall succeed the appointed auditor and shall have and possess all the powers and perform all the duties provided in this part for elected auditors. If, at any time after the effective date of any ordinance abolishing the office of appointed auditor, there shall be a vacancy in the office of elected auditor, council shall fill the vacancies in the manner prescribed in section 901 (relating to filling vacancies in elective borough offices).

(8) To make, authorize and ratify expenditures for lawful purposes from funds available or from funds borrowed within legal limits.

(9) To pay authorized expenses incurred by elected and appointed borough officers in connection with their duties or other borough business.

§ 1006. Duties of council.

It shall be the duty of council:

(1) To organize, under section 1001 (relating to organization of council, quorum, participation by telecommunication device, voting, compensation and eligibility), in even-numbered years.

(2) To meet at a stated time at least once a month. Council may adjourn to a stated time for general business or for special businesses. If no quorum is present at a regular, special or reconvened meeting, a majority of those who do meet may agree upon another date for like business in a manner consistent with 65 Pa.C.S. Ch. 7 (relating to open meetings). Special meetings may be called by the president of council or upon written request of at least one-third of the members of council. Members shall have at least 24 hours' notice of the special meetings. The notice shall state whether it is for general or special purposes, and, if it is for special purposes, the notice shall contain a general statement of the nature of the business to be transacted. Presence at a meeting constitutes waiver of notice. Council may adopt rules relating to the calling and holding of special meetings, which rules shall supersede the provisions of this section, provided that the rules comply with the provisions of 65 Pa.C.S. Ch. 7.

(3) To make and preserve records of its proceedings.

(4) To enact, revise, repeal and amend ordinances and resolutions under Chapter 33 (relating to ordinances), and bylaws, rules and regulations, not inconsistent with the laws of this Commonwealth, as it deems beneficial to the borough and to provide for the enforcement of the same. Unless otherwise provided, all powers shall be exercised by vote of the majority of council eligible to vote at a meeting. Routine, ministerial or administrative purchases and powers may be made and exercised by officers or committees if authority for the action was previously given or if the action is subsequently ratified by council. If any action by the council results in a specific written contract

or agreement, the contract or agreement shall be signed by the president of the council.

(5) To cause notices to be served, as required by law or ordinance, in a manner council may by motion or other action decide.

(6) To fix the compensation of all of the borough officers, appointees and employees.

(7) To fix the amount of security to be given by the treasurer and by other officers, appointees and employees as it may designate.

§ 1059. Auditors to settle accounts where witnesses do not appear.

Any secretary of the auditors refusing or willfully neglecting to file the report commits a summary offense. Service of notice is complete when the notice is properly addressed, postage prepaid and mailed. § 1059.2. Attorney to auditors.

The borough auditors may employ an attorney if deemed advisable by a majority of the auditors. The auditors, with the agreement of council, shall determine the compensation to be paid to the attorney. If the auditors and council cannot agree on the compensation, upon petition of the auditors, the court of common pleas shall establish the compensation for the attorney employed by the auditors. The compensation for the attorney shall be paid out of the borough general fund.

§ 1059.3. Surcharge by auditors.

(a) Surcharges.--

(1) The amount of any balance or shortage or of any expenditure of a kind or made in a manner prohibited or not authorized by statute which causes a financial loss to the borough shall be a surcharge against any officer against

whom the balance or shortage shall appear, or who by vote, act or neglect has permitted or approved the expenditure.

(2) The following shall apply:

(i) No elected or appointed official of a borough may be surcharged for any act, error or omission in excess of the actual financial loss sustained by the borough.

(ii) A surcharge shall take into consideration as its basis the results of the act, error or omission and the results had the procedure been strictly in accordance with law.

(iii) Subparagraph (i) shall not apply to cases involving fraud or collusion on the part of officers nor to any penalty enuring to the benefit of or payable to the Commonwealth. Notwithstanding this section, the procedures in the act of May 25, 1945 (P.L.1050, No.394), known as the Local Tax Collection Law, shall apply to balances and shortages in the tax accounts of the tax collector.

(b) Illegal acts.--In any matter involving a financial transaction, any official knowingly and willfully acting contrary to law commits a misdemeanor and, upon conviction, may be sentenced to pay a fine not exceeding \$100.

§ 1059.4. Appeals from audit.

§ 1059.5. Taxpayers appealing to enter bond.

No appeal by a taxpayer or officer may be allowed unless, within the time of taking the appeal, the appellant secures a bond in the sum of \$1,000 with sufficient surety to prosecute the appeal and to pay all costs of appeal, in case, if the appellant is a taxpayer, the appellant fails to obtain a final decision more favorable to the borough than that awarded by the auditors or, in case, if the appellant is an accounting officer, the appellant fails to obtain a final decision more favorable to the officer than that awarded by the auditors. Unless the bond is filed as provided in this section, the court of common pleas, upon application, shall set aside the appeal.

§ 1059.6. Procedure on appeals.

(a) Evidence and burden.--In any proceeding upon an appeal from a report of the auditors, the accounts of the office or officers or the person, corporation, association, organization, committee or commission in question may be investigated de novo, and the burden shall be upon each officer, person, corporation, association, organization, committee or commission whose accounts are involved in the appeal of establishing the person's right to credits claimed by the person, but the opposing party in the appeal may use any facts, figures or findings of the report of the auditors as prima facie evidence against any officer or other entity.

(b) Multiple appeals.--If more than one appeal from a report of the auditors has been taken, the court shall, on its own motion or upon motion of any interested party, direct the several appeals to be disposed of in a single proceeding.

§ 1059.7. Findings of fact and law, judgment and appeals.

After the hearing, the court shall file its findings of fact and law and enter judgment accordingly, and the judgment so entered may be enforced by the prevailing party by any

appropriate proceeding. Appeals from the court's ruling may be taken in accordance with law.

§ 1059.8. Attorney fees.

(a) Fees awarded.--Upon final determination of an appeal taken under section 1059.4 (relating to appeals from audit) from any report, audit or settlement of the account of any borough officer, attorney fees shall be awarded as follows:

(1) If, in the opinion of the court, the final determination is more favorable to the borough officer involved than that awarded by the auditors, the borough shall pay reasonable attorney fees or, under paragraph (3), a portion of reasonable attorney fees incurred by the officer in connection with the surcharge proceeding.

(2) If, in the opinion of the court, the final determination is more favorable to the borough than that awarded by the auditors in the case of an appeal taken by the borough or a taxpayer, the borough officer who is the subject of the surcharge proceeding shall pay reasonable attorney fees or, under paragraph (3), a portion of reasonable attorney fees incurred by the borough, elector or taxpayer in connection with the surcharge proceeding.

(3) If, in the opinion of the court, the final determination is in part more favorable to the borough and in part more favorable to the borough officer involved in the surcharge proceeding than that awarded by the auditors, the court may order:

(i) the borough to pay a portion of reasonable attorney fees incurred by the officer in connection with the surcharge proceeding; or

(ii) the borough officer who is the subject of the surcharge proceeding to pay a portion of reasonable attorney fees incurred by the borough or taxpayer in connection with the surcharge proceeding.

(b) Other accounts.--The attorney fees in case of appeals involving accounts other than those of borough officers shall be allocated in the court's discretion.

§ 1059.9. Balances due to be entered as judgments.

A balance in a report of the auditors against an officer of the borough shall constitute a surcharge against the officer as fully as if expressly stated in the report to be a surcharge. The amount of a balance and of any express surcharge shall, if no appeal is taken or after an appeal has been finally determined in favor of the borough, be entered by the prothonotary as a judgment against the officer. The clerk of the court of common pleas shall certify the amount of every balance or surcharge contained in a report from which no appeal has been taken within the time provided under this chapter to the court of common pleas for entry by the prothonotary as a judgment. Any taxpayer of the borough may enforce the collection of the balance or surcharge for the benefit of the borough, by action or execution, upon filing in the court of common pleas a bond, in the sum of \$1,000 with one or more sureties, conditioned to indemnify the borough from all costs of the proceedings undertaken by the taxpayer, subject to all rights of appeal from the report of auditors granted by this part. If a person has been or shall be surcharged for an illegal purchase and no fraud or collusion is shown and the surcharge is paid to the borough, the article purchased shall become the property of the person surcharged.

§ 1059.10. Penalty for failure to comply with law.

(a) Neglect.--An auditor neglecting or refusing to comply with this chapter commits a summary offense.

(b) Financial interest.--An auditor who is financially interested, directly or indirectly, in a borough transaction commits a summary offense.

§ 1059.11. General powers and duties of independent auditor.

(a) Powers and duties.--If an independent auditor is appointed under section 1005(7) (relating to powers of council), the independent auditor shall have the same powers and duties and be subject to the same penalties as the auditors under this chapter. The independent auditor shall annually examine, audit and settle all accounts in which the borough is concerned. The audit shall consist of an examination in accordance with generally accepted auditing standards and shall include tests of the accounting records and other auditing procedures as the independent auditor considers necessary in the circumstances. The independent auditor shall make and publish the annual financial report in the same form and manner and at the same time as required in this part of the auditors of the borough.

(b) Reporting.--The independent auditor shall audit the accounting records of the borough for the fiscal year and shall prepare a report on the examination which shall be subject to appeal in the same manner as reports of the auditors under this chapter. The report shall set forth:

(1) The scope of the examination.

(2) The independent auditor's opinion of the fairness of the presentation of the financial statement of the borough, which shall show a complete statement of the financial condition of the borough, giving in detail the actual indebtedness, the amount of funded debt, the amount of floating debt, the valuation of the taxable property in the borough, the assets of the borough with their character and value and the date of the maturity of the respective forms of funded debt of the borough.

(3) The amount of any balance or shortage or any expenditure of any kind or made in a manner prohibited or not authorized by a statute which came to the independent auditor's attention during the course of the examination and which, in the independent auditor's opinion, causes a financial loss to the borough as provided in section 1059.3 (relating to surcharge by auditors) shall be a surcharge against an officer against whom the balance or shortage shall appear, subject to appeal, entry as judgment, certification and enforcement as provided in this chapter.

(c) Hiring attorney.--The independent auditor may employ an attorney subject to the provisions of section 1059.8 (relating to attorney fees), except that the employment shall be with the consent of council.

(d) Other applicable laws.--Sections 1055 (relating to subpoenas, oath and perjury), 1058 (relating to pay of witnesses) and 1059 (relating to auditors to settle accounts where witnesses do not appear) shall apply to proceedings initiated by independent auditors.

(e) Compensation.--The compensation of the independent auditor shall be determined by council and paid by borough funds.

(1) If an applicant is aggrieved by the refusal of the commission to certify the applicant as eligible after examination or a person is aggrieved by refusal of the commission to examine the person, the commission shall, at the request of the applicant or person aggrieved, within ten days, appoint a time and place for a public hearing.

(2) At the hearing, the applicant or person aggrieved may appear with or without counsel, and the commission shall take testimony and review its refusal to provide examination or certification.

(3) The deliberations of the commission, including interim rulings on evidentiary or procedural issues, may be held in the nature of a closed executive session.

(4) The commission's disposition of the matter shall constitute official action which shall occur at a public meeting held under 65 Pa.C.S. Ch. 7 (relating to open meetings).

(5) The decision of the commission shall be final.

§ 1184. Eligibility list and manner of filling appointments.

(a) Ranking of candidates.--

(1) At the completion of the testing process, including a physical agility or other examination, with the exception of a background investigation to be conducted after the establishment of an eligibility list and physical and psychological medical examination under section 1189

(relating to physical and psychological medical examination), the commission shall rank the candidates who have satisfied the minimum requirements for appointment on an eligibility list.

(2) The eligibility list shall contain the names of individuals eligible for appointment listed from highest to lowest based on their scores on the examinations administered by the commission and any points for which an applicant was entitled by virtue of 51 Pa.C.S. Ch. 71 (relating to veterans' preference).

(3) The eligibility list will be valid for one year from the date the commission formally adopts the eligibility list.

(4) Prior to expiration of the one-year period, the commission may extend the validity of the eligibility list for up to an additional 12 months by a majority vote of the commission at a duly authorized commission meeting.

(5) In the absence of a lawful extension by the commission under paragraph (4), the list shall expire.

(b) Procedure for filling positions.--Except as provided in subsection (c), every original position or employment in the police force or as paid fire apparatus operators, except that of chief of police or chief of the fire department, or equivalent, shall be filled only in the following manner:

(1) The council shall notify the commission of any vacancy which is to be filled and shall request the certification of an eligibility list.

(2) The commission shall certify for each existing vacancy from the eligibility list the names of the three persons or a lesser number, if three are not available, who have received the highest average.

(3) The council shall make a conditional appointment from the three names certified, based solely on the merits and fitness of the candidates, unless council makes objections to the commission regarding one or more of the certified persons for any of the reasons stated in section 1183 (relating to rejection of applicant and hearing).

(4) If the objections are sustained by the commission as provided in section 1183 or the conditional appointee is determined to be unqualified in accordance with the procedures specified in section 1189, the commission shall strike the name of the person from the eligibility list and certify the next highest name for each name stricken from the eligibility list.

(5) As each subsequent vacancy occurs in the same or another position, the same procedure shall be followed.

(c) Vacancies in existing positions.--

(1) Any vacancy in an existing position in the police force or as a paid fire apparatus operator which occurs as a result of retirement, resignation, disability or death may be filled by council by the reappointment or reinstatement of a former employee of the police force or fire department who had previously complied with this section.

(2) No examination, other than a physical examination as directed by the civil service commission, shall be required in any case of reappointment or reinstatement.

(d) Vacancies in certain offices.--

(1) In the case of a vacancy in the office of chief of police or chief of the fire department, or equivalent official, the council may nominate a person to the commission.

(2) The commission shall subject the nominated person to a noncompetitive examination, and, if the person is certified by the commission as qualified, the person may then be appointed to the position and shall be subject to this subchapter.

§ 1185. Age and residency of applicants.

No person shall be eligible to apply for examination unless the person is at least 18 years of age at the date of application. An applicant need not be a resident of the borough. The council of the borough may authorize the commission, by rule or regulation, to require police officers and paid fire apparatus operators to become residents of the borough after appointment to the positions.

§ 1186. Probationary period.

(a) General rule.--An original appointment to a position in the police force or as a paid fire apparatus operator shall be for a probationary period of not less than six months and not more than one year, but during the probationary period an appointee may be dismissed only for a cause specified in section 1183 (relating to rejection of applicant and hearing) or because of incapacity for duty due to the use of alcohol or drugs.

(b) Notice denying permanent appointment.--

(1) If, at the close of a probationary period, the conduct or fitness of the probationer has not been satisfactory to the council, the probationer shall be notified in writing that the probationer will not receive a permanent appointment and the appointment shall cease.

(2) If the probationer is not notified or dismissed in accordance with this section, the probationer's retention shall be equivalent to a permanent appointment.

(c) Finality of decision.--The decision of a borough to suspend or discharge a probationer shall be final and shall not be subject to the hearing provisions of section 1191 (relating to hearings on dismissals and reductions).

§ 1187. Provisional appointments.

(a) General rule.--If there are urgent reasons for the filling of a vacancy in a position in the police force and there are no names on the eligibility list for the appointment, the council may nominate a person to the commission for noncompetitive examination, and, if the nominee shall be certified by the commission as qualified after noncompetitive examination, the nominee may be appointed provisionally to fill the vacancy.

(b) Competitive examination required.--

(1) Within three weeks of the provisional appointment, the commission shall hold a competitive examination and certify an eligibility list. A regular appointment shall then be made from the name or names submitted by the commission.

(2) If three names are not available, the commission shall certify the names remaining on the eligibility list.

(3) The council shall make an appointment from the names certified, based solely on the merits and fitness of the candidate, unless council makes objections to the commission regarding one or more of the persons so certified for any reason provided under section 1183 (relating to rejection of applicant and hearing).

(d) Increase in salary as promotion.--The council may determine in each instance whether an increase in salary constitutes a promotion.

§ 1189. Physical and psychological medical examination.

(a) Conditional offer of employment.--

(1) An applicant selected from the eligibility list shall receive a conditional offer of employment. The offer of employment shall be conditioned upon the conditional appointee undergoing a physical and psychological medical examination and a determination that the conditional appointee is capable of performing all the essential functions of the position.

(2) Physical medical examinations shall be conducted under the direction of a physician or other qualified medical professional.

(3) Psychological medical examinations shall be conducted under the direction of a psychiatrist or psychologist.

(b) Opinion to be rendered.--The physician, other qualified medical professional, psychiatrist or psychologist must be appointed by council and shall render an opinion as to whether the conditional appointee has a physical or mental condition which calls into question the person's ability to perform all of the essential functions of the position for which the person was conditionally appointed.

(c) Interactive discussion with conditional appointee.--If the opinion rendered by the physician, other qualified medical professional, psychiatrist or psychologist calls into question the conditional appointee's ability to perform all essential functions of a position, the person designated by council shall meet with the conditional appointee for the purpose of having one or more interactive discussions on whether the conditional appointee can, with or without reasonable accommodation, perform all the essential functions of the position.

(d) Written notice after interactive discussion.--If, at the conclusion of the interactive discussion conducted under subsection (c), council determines that the conditional appointee is not qualified, council shall give written notice to the conditional appointee and the commission.

"Physician." The term shall have the meaning given to it under 1 Pa.C.S. § 1991 (relating to definitions).

"Qualified medical professional." An individual, in collaboration with or under the supervision or direction of a physician, as may be required by law, who is licensed:

§ 1190. Removals.

(a) General rule.--No person employed in any police or fire force of any borough may be suspended without pay, removed or reduced in rank except for the following reasons:

(1) Physical or mental disability affecting the person's ability to continue in service, in which case the person shall receive an honorable discharge from service.

(6) Engaging or participating in the conduct of a political or election campaign while on duty or in uniform or while using borough property otherwise than to exercise the person's own right of suffrage.

(7) Engaging or participating in the conduct of a political or election campaign for an incompatible office as provided in section 1104(f) (relating to appointments and incompatible offices).

(b) Restriction.--A person employed by a police or fire force shall not be removed for religious, racial or political reasons.

(c) Statement of charges.--A written statement of charges made against a person shall be furnished to the person within five days after the statement of charges is filed. The person shall have ten days from the date of receiving the notice to submit a written request for a hearing to the civil service commission under section 1191 (relating to hearings on dismissals and reductions).

(d) Furlough.--If, for reasons of economy or other reasons, it shall be deemed necessary by any borough to reduce the number of paid employees of the police or fire force, the borough shall furlough the person, including a probationer, last appointed to the respective force. The removal shall be accomplished by furloughing in numerical order commencing with the person last appointed until the reduction shall have been accomplished. In

the event the police or fire force shall again be increased, the employees furloughed shall be reinstated in the order of their seniority in the service. This subsection as to reductions in force is not applicable to a chief of police.

§ 1191. Hearings on dismissals and reductions.

(a) Time of answer and hearing.--A person suspended, removed or reduced in rank may make written answers to any charges filed against the person not later than the day scheduled for the hearing. The commission shall grant the person a hearing that shall be held within a period of ten days from the filing of written charges, unless continued by the commission for cause at the request of the council or the accused. The failure of the commission to hold a hearing within ten days from the filing of the written charges shall not result in the dismissal of the charges filed.

(b) Conduct of hearing.--At any hearing, the person against whom the charges are made may be present in person and by counsel. The council may suspend the person, without pay, pending the determination of the charges against the person, but, in the event the commission fails to uphold the charges, the person sought to be suspended, removed or reduced in rank shall be reinstated with full pay for the period during which the person was suspended, removed or reduced in rank, and no charges shall be officially recorded against the person's record. A stenographic record of all testimony taken at the hearings shall be filed with and preserved by the commission, which record shall be sealed and not be available for public inspection in the event the charges are dismissed.

(c) Appeal.--All parties shall have an immediate right of appeal to the court of common pleas of the county, and the case shall there be determined as the court deems proper. No order of suspension made by the commission may be for a longer period than one year. The appeal shall be taken within 30 days from the date of entry by the commission of its final order and shall be by petition. Upon the appeal being taken and docketed, the court of common pleas shall schedule a day for a hearing and shall proceed to hear the appeal on the original record and additional proof or testimony as the parties concerned may desire to offer in evidence. The decision of the court affirming or revising the decision of the commission shall be final, and the employee shall be suspended, discharged, reduced in rank or reinstated in accordance with the order of court.

(d) Proceedings.--The council and the person sought to be suspended, removed or reduced in rank shall at all times have the right to employ counsel before the commission and upon appeal to the court of common pleas. Unless the council or the person sought to be suspended, removed or reduced in rank requests that the proceedings before the commission be open to the public, the proceedings before the commission under this section shall be held in the nature of a closed executive session that shall not be open to the public. The request shall be presented to the commission before the civil service hearing commences. The deliberations of the commission, including interim rulings on evidentiary or procedural issues, may be held in private and shall not be subject to a request for being open to the public, the council or the person sought to be suspended, removed or reduced in rank. The commission's disposition of the disciplinary action shall constitute official action which shall occur at a public meeting held pursuant to 65 Pa.C.S. Ch. 7 (relating to open meetings).

§ 1192. Employees exempted.

All appointments in the police or fire forces of boroughs, including the chief of police or equivalent official, prior to the creation of a commission, shall continue to hold their positions and shall not be required to take any examination under the provisions of this subchapter, except that which may be required for promotion. This section shall not be construed to apply to persons employed temporarily in emergency cases.

(a) Sale.--No real estate owned by the borough may be sold except upon approval of council by resolution. Additionally, no real estate owned by the borough may be sold for a consideration in excess of \$1,500, except to the highest bidder after due notice by advertisement for bids or advertisement of a public auction.

(a.1) Advertisement.--The advertisement shall be published once in one newspaper of general circulation not less than ten days prior to the date scheduled for the opening of bids or public auction. The date for opening bids or public auction shall be announced in the advertisement.

(a.2) Award of contracts.--The award of contracts shall be made only by public announcement at a regular or special meeting of council or at the public auction. All bids shall be accepted on the condition that payment of the purchase price in full shall be made within 60 days of the acceptance of bids. If no compliant bids are received after advertisement, the applicable procedures in the act of October 27, 1979 (P.L.241, No.78), entitled "An act authorizing political subdivisions, municipality authorities and transportation authorities to enter into contracts for the purchase of goods and the sale of real and personal property where no bids are received," shall be followed.

(3) If council chooses to exercise its power of real property exchange under this section, it shall be by resolution adopted by council. Notice of the resolution, including a description of the properties to be exchanged, shall be published once in one newspaper of general circulation not more than 60 days nor fewer than seven days prior to adoption.

The advertisement for electronic auction sales authorized in this paragraph shall include the Internet address or means of accessing the electronic auction and the date, time and duration of the electronic auction.

(a.2) Rejection of bids.--Council may reject any bids received if the bids are believed to be less than the fair market value of the property. The borough shall consult with fire and emergency medical services providers to discuss the emergency services needs of the borough. It shall show in degrees the general inclination of the strata, with any material deflection in the strata in the workings or excavations, and shall also show the tidal elevations of the bottom of every shaft, slope, tunnel and gangway and of any other point in the mine or on the surface where the elevation shall be deemed necessary by the borough. The map or plan shall show the number of the last survey on the gangways or the most advanced workings. Every owner, operator or superintendent of a mine, colliery or quarry shall update, at least once every three months, the pertinent maps, plans and drawings to reflect any extensions made in any mine, colliery or quarry during the three preceding months, except those made within 30 days immediately preceding the time of placing the extensions upon the map or drawing. A borough engineer, assistant or other person authorized by council may enter and survey any mine, colliery or quarry within the limits of the borough, at all reasonable times, but not so as to impede or obstruct the workings of the mine, colliery or quarry. of supplying natural gas for its own municipal purposes;
and

(ii) a borough owning or operating a municipal gas distribution system on the effective date of this section to purchase, own, use, operate and control municipal gas distribution systems.

(61) To establish, by ordinance, and maintain a real estate registry for the purpose of procuring accurate information in reference to the ownership of real estate in the borough in a manner not inconsistent with the act of October 9, 2008 (P.L.1400, No.110), known as the Uniform Municipal Deed Registration Act. Council shall designate a person to have charge of the registry who shall cause to be made and carefully preserve all necessary books, maps and plans as may show the location and ownership of every lot, piece of real estate and subdivision of real estate. For purposes of establishing or maintaining the registry, the person in charge of the registry shall have access to public records without charge. Information contained within a real estate registry shall not affect the validity of any municipal claim or tax claim of the borough. Nothing in this paragraph shall prohibit a borough from requiring owners to provide information relevant to the enforcement of any borough ordinance in accordance with law.

(62) To manufacture, purchase or otherwise supply electricity pursuant to Chapter 24A (relating to manufacture and supply of electricity).

The powers reserved by this paragraph shall not be bartered away or surrendered by the borough.

(65) In addition to the remedies provided by law for the filing of liens for the collection of municipal claims, including, but not limited to, water rates, sewer rates and the removal of nuisances, to proceed for the recovery and collection of claims by action of assumpsit against the person or persons who were the owner or owners of the property at the time of the completion of the improvement or at the time the water or sewer rates or the cost of the removal of nuisances first became payable, notwithstanding the fact that there was a failure on the part of the borough or its agents to enter the municipal claim as a lien against the property assessed for the improvement, or for the furnishing of water or sewer services and for the removal of nuisances and for the recovery of which the action of assumpsit was brought. The action in assumpsit shall be commenced either within six years after the completion of the improvement from which the claim arises or within six

years after the water or sewer rates or the cost of abating a nuisance first became payable.

§ 1203. Reserved powers.

The council may make and adopt all ordinances, bylaws, rules and regulations not inconsistent with or restrained by the Constitution of Pennsylvania and laws of this Commonwealth as may be expedient or necessary for the proper management, care and control of the borough and its finances and the maintenance of peace, good government, safety and welfare of the borough and its trade, commerce and manufactures.

§ 1302. Tax levy.

(a) Authority.--The council of the borough shall have power, by ordinance, to levy and collect annually a tax not exceeding 30 mills for general borough purposes, unless the council by majority action, upon due cause shown by resolution, petitions the court of common pleas, in which case the court may order a rate of not more than five mills additional to be levied and in addition any of the following taxes:

- (2) To provide for pensions, retirement or the purchase of annuity contracts for borough employees, not exceeding one-half mill.

(5) For gas, water and electric, not exceeding eight mills, additional millage permitted only following a favorable referendum on the matter held in accordance with the election laws of this Commonwealth.

(6) For the purchase of fire engines, fire apparatus and fire hose for the use of the borough or for assisting any fire company in the borough in the purchase, renewal or repair of any of its fire engines, fire apparatus or fire hose, for the purposes of making appropriations to fire companies both within and without the borough and of contracting with adjacent municipalities or volunteer fire companies in adjacent municipalities for fire protection, for the training of fire personnel and payments to fire training schools and centers or for the purchase of land upon which to erect a firehouse, or for the erection and maintenance of a firehouse or fire training school and center, not exceeding three mills. The following shall apply:

(i) The borough may appropriate up to one-half, but not to exceed one mill, of the revenue generated from a tax under this paragraph for the purpose of paying salaries, benefits or other compensation of fire suppression employees of the borough or a fire company serving the borough.

(ii) If an annual tax for the purposes specified in this paragraph is proposed to be set at a level higher than three mills, the question shall be submitted to the voters of the borough, and the county board of elections shall frame the question in accordance with the election laws of this Commonwealth for submission to the voters of the borough.

(7) For building a firehouse, fire training school and center, lockup or municipal building, not exceeding two mills, additional millage permitted only following a favorable referendum on the matter held in accordance with the election laws of this Commonwealth.

(8) To establish and maintain a local library or to maintain or aid in the maintenance of a local library established by deed, gift or testamentary provision, for the use of the residents of the borough, in accordance with 24 Pa.C.S. Ch. 93 (relating to public library code).

(9) For the purpose of supporting ambulance, rescue and other emergency services serving the borough, not to exceed one-half mill, except as provided in subsection (e). The borough may appropriate up to one-half of the revenue generated from a tax under this paragraph for the purpose of paying salaries, benefits or other compensation of employees of the ambulance, rescue or other emergency service.

(b) Amount.--The taxes shall be levied on the dollar on the valuation assessed for county purposes, as now is or may be provided by law. All real property, offices, professions and persons made taxable by the laws of this Commonwealth for county rates and levies may, in the discretion of council, be taxed after the same manner for those purposes. An action on the part of the borough authorities fixing the tax rate for any year at a mill rate shall not be required to include a statement

expressing the rate of taxation in dollars and cents on each \$100 of assessed valuation of taxable property.

(c) Use of taxes for general purposes.--Nothing contained in this section may prevent the application of money received from taxes levied for general purposes to the purposes of paying interest and sinking fund charges on indebtedness.

(d) Proceeds.--The proceeds of all taxes for which additional millage is authorized under this section shall be kept in a separate fund and used only for the purposes provided under this section. The additional taxes authorized by referendum shall continue to be levied annually for the period provided under this section in the question submitted in the referendum and, if any taxes for which the question voted upon shall not have stated the duration of the tax, until the tax shall be abolished by vote of the electors in a subsequent referendum.

(e) Tax for ambulance and rescue squads.--The tax for supporting ambulance and rescue squads serving the borough shall not exceed the rate specified in subsection (a) (9) except when the question is submitted to the voters of the borough in the form of a referendum which will appear on the ballot in accordance with the election laws of the Commonwealth, in which case the rate shall not exceed two mills. The county board of elections shall frame the question to be submitted to the voters of the borough in accordance with the election laws of this Commonwealth.

§ 1302.1. Different and separate tax levies.

(a) General rule.--A borough may in any year levy separate and different rates of taxation for municipal purposes on all real estate classified as nonfarmland, exclusive of the buildings on the real estate, and on all real estate classified as either buildings on land or farmland. When real estate tax rates are so levied:

(1) The rates shall be determined by the requirements of the borough budget.

(2) A higher rate may be levied on real estate classified as nonfarmland than on real estate classified as either buildings on land or farmland if the respective rates on nonfarmland and on buildings or farmland are so fixed as not to constitute a greater levy in the aggregate than the levy to result from the maximum rate allowed by law on all real estate.

(3) The rates shall be uniform as to all real estate within the classification.

(b) Nonseverability.--Notwithstanding section 104 (relating to constitutional construction), the provisions of this section are nonseverable. If any provision of this section or its application to any person or circumstance is held invalid, the remaining provisions or applications of this section are void.

(c) Definitions.--As used in this section, the following words and phrases shall have the meanings given to them in this subsection:

"Farmland." Any tract of land that is actively devoted to agricultural use, including, but not limited to, the commercial production of crops, livestock and livestock products as defined in section 3 of the act of June 30, 1981 (P.L.128, No.43), known as the Agricultural Area Security Law.

"Nonfarmland." Any tract of land that is not farmland.

§ 1303. Special levy to pay debts.

In addition to the levies provided for in section 1302.1 (relating to different and separate tax levies), if the council refuses or neglects to levy a sufficient tax to pay the debts

due by the borough, a court may, after ascertaining the amount of the indebtedness of the borough, direct a writ of mandamus to the proper officers of the borough to collect by special taxation an amount sufficient to pay the indebtedness in one or more annual installments, as determined reasonable by the court.

§ 1304. Special road fund tax.

(a) Authority.--Any borough shall be empowered, within its general power to levy taxes, to collect annually a tax upon all real property taxable for borough purposes, not to exceed five mills on the dollar in any one year, for the purpose of creating and maintaining a special fund to be used by its borough in making permanent street improvements and to pay contract prices for paving and other permanent street improvements, prior to the collection of the cost and expense from the property owners adjoining or abutting the property by the borough under existing laws.

(b) Application.--If the cost and expense or any part of the cost and expense of the construction of any permanent street improvement, which has been made under existing laws and which has been aided in its construction from the special fund provided for under this section, has been assessed and collected from the owners of the real property adjoining or abutting upon the improvement, it shall be applied to the credit of the special fund, to the extent of the withdrawal from the special fund for that purpose.

§ 1305. Date tax duplicate to issue.

Council shall, within 30 days after adoption of the budget or within 30 days after receipt of the assessment roll from the county, whichever is later, issue their duplicate of taxes assessed to the collector of taxes of the borough.

§ 1306. Additions and revisions to duplicates.

(a) Inspection and reassessment.--If in any borough there is any construction of a building or buildings not otherwise exempt as a dwelling after the council has prepared a duplicate of the assessment of borough taxes and the building is not included in the tax duplicate of the borough, the county assessment office shall, upon the request of the council, direct the assessor in the county assessment office to inspect and reassess, subject to the right of appeal and adjustment provided by statute, all taxable property in the borough to which major improvements have been made after the original duplicates were prepared and to give notice of the reassessments within ten days to the authority responsible for assessments, the borough and the property owner. The real property shall then be added to the duplicate and shall be taxable for borough purposes at the reassessed valuation for that proportionate part of the fiscal year of the borough remaining after the real property was improved. Any improvement made during the month shall be computed as having been made on the first of the month.

(b) Copy of additions or revisions.--A certified copy of the additions or revisions to the duplicate shall be furnished by the council to the borough tax collector, together with their warrant for collection of the taxes, and, within ten days, the borough tax collector shall notify the owner of the real property of the taxes due to the borough.

§ 1307. Preparation of budget.

Beginning at least 30 days prior to the adoption of the budget, a proposed budget or annual estimate of revenues and expenditures for the ensuing year shall be prepared in a manner designated by the council. The proposed budget shall be kept on file with the borough secretary and be made available for

public inspection by the borough secretary for a period of ten days.

§ 1308. Notice of proposed budget and penalty.

(a) Notice.--Notice that the proposed budget is available for inspection shall be published by the borough secretary in a newspaper of general circulation, except in boroughs in which the estimated budget receipts are less than \$50,000 in 2012, where, in lieu of the newspaper publications, notice may be conspicuously posted during the ten-day period in a place readily viewable by the public at the office of the borough secretary and with further notice as shall be prescribed by council.

(b) Failure.--Any borough secretary who fails or refuses to give the notice that the proposed budget is available for inspection, as required, shall, upon conviction in a summary proceeding, be sentenced to pay a fine not exceeding \$100 and costs of prosecution.

§ 1309. Revision and completion of budget.

After the expiration of the ten days, council shall make the revision in the budget as deemed advisable. The budget must be as comprehensive and exact as the information available will permit. In addition to expenditures proposed for the current fiscal year, council may include as proposed expenditures a sum sufficient to pay any existing indebtedness and to pay the ordinary operating expenses for the subsequent year until the taxes of the subsequent year are received and may also include a sum to provide, in whole or in part, for any deferred maintenance, depreciation and replacements. Within the tax levy and debt limitations, council may also include, in whole or in part, expenditures for capital investments and purchases. Expenditures of a legislative character must be made, authorized or ratified by ordinance. Other expenditures allowed by law may be made or ratified by motion in council. The expenditures, whether by ordinance or motion, must then be considered as appropriations affecting the budget. A balance of revenues over expenditures may be expended in a subsequent year for a lawful purpose.

§ 1310. Adoption of budget.

Upon completion of the budget containing the estimated receipts and expenditures, the council shall adopt the budget by motion of the council, which may not be later than December 31.

§ 1310.1. Tax ordinance.

After council has adopted the budget, it is the duty of the council to enact an ordinance levying the taxes referred to in this part for the fiscal year subject to approval of the mayor or enactment over the mayor's veto under the procedure established in section 3301.3(c) (relating to enactment, approval and veto).

§ 1311. Amending budget and notice.

During the month of January next following a municipal election, the council of a borough may amend the budget and the levy and tax rate to conform with its amended budget. A period of ten days' public inspection at the office of the borough secretary of the proposed amended budget, after notice by the borough secretary to that effect is published once in a newspaper of general circulation, must intervene between the proposed amended budget and its adoption. An amended budget must be adopted by council on or before the 15th day of February.

§ 1312. Modification of budget and supplemental appropriations and transfers.

The council in its reasonable discretion may, in any year, by motion, modify the budget after its final adoption. New appropriations, supplementary appropriations and transfers from one appropriation to another may be made during the fiscal year, either before or after the expenditure is authorized or ratified after the expenditure is made, if it is within the current year's revenues, or the money is promptly made available through borrowing as allowed by law.

§ 1313. Payment from borough funds.

The payments made by the council from the borough funds must be made by proper borough orders, drawn upon the treasurer. No borough order may be authorized by council or signed by the president or secretary of a council unless there are sufficient funds in the treasury of the borough to pay the order, and no orders may be made payable at any time in the future or draw interest. A separate borough order must be drawn for each account or payment.

§ 1313.1. Creation of special funds and investments.

Council may set aside in a separate fund any money received out of or from the sale, lease or other disposition of any borough property or received from any source unless the money was received or acquired for a particular purpose. The fund must be controlled, invested and administered, and the income arising from the fund expended, in the manner as may be determined by action of the council under the ordinance creating the fund. The ordinance may provide that only the income from the fund may be used or expended and that neither principal nor any part of the principal may be used or expended unless upon authorization of a majority vote of the qualified electors of the borough. The ordinances previously enacted by a borough creating and establishing a separate fund as authorized by this section must be deemed and taken as valid and effectual for all purposes if the other requirements of law concerning the enactment of the separate fund have been complied with.

§ 1314. Uniform financial report and forms.

(a) Preparation of uniform forms.--The uniform forms for the annual financial statement required to be made by the auditors or the controller must be prepared by a committee consisting of four representatives from the Pennsylvania State Association of Boroughs, the Secretary of Community and Economic Development, or the secretary's designee, and any additional members appointed under statute.

(b) Appointment of representatives.--The representatives of boroughs must be appointed by the president of the Pennsylvania State Association of Boroughs. The representatives shall be chosen from among the finance officers or other officers of the borough who have knowledge of the borough's fiscal procedures. As far as possible, they must be chosen to represent boroughs in the various population groups. The president of the organization shall supply to the Department of Community and Economic Development the names and addresses of the representatives immediately upon their appointment.

(c) Compensation of representatives.--The representatives shall serve without compensation but shall be reimbursed by the Commonwealth for the necessary expenses incurred in attending meetings of the committee.

(d) Meetings.--The committee shall meet, from time to time, as conditions may warrant at the call of the Secretary of Community and Economic Development, or the secretary's designee, who shall serve as chair of the committee.

(e) Duty of secretary and cooperation.--It shall be the duty of the Secretary of Community and Economic Development,

or the secretary's designee, to ensure that the forms required by this chapter are prepared in cooperation with the committee. In the event that the committee should for any reason fail to furnish the cooperation, the Secretary of Community and Economic Development, or the secretary's designee, shall prepare the forms. After their preparation, the secretary shall issue the forms and distribute them annually, as needed, to the proper officers of each borough.

§ 1315. Capital improvements to certain public service facilities.

(a) Authority.--For the purpose of financing the cost and expense or its share of the cost and expense of capital improvements, including the purchase and installation of machinery and equipment, by altering, improving or enlarging any of the following, a borough owning the plant or facility may issue nondebt revenue bonds as provided in section 1202(46) (relating to specific powers):

- (1) its sewer, sewer system or sewage treatment works, either singly or jointly with other municipalities;
- (2) its water works, either singly or jointly with other municipalities;
- (3) its electric power plant or power distribution system; or
- (4) its gas plant, gas distribution system for its own municipal purposes, municipal gas distribution system or municipal gas works.

(b) Rates.--A borough issuing nondebt revenue bonds under the authority of this section shall adjust and, when necessary, increase the rates of rentals or charges pledged as security for the bonds in order to provide sufficient revenue. The revenue must be set aside as reserve funds to cover depreciation of the properties involved and for future improvements to the plant or facility involved as well as for the payment of the interest on the bonds and the principal at the time of maturity.

§ 1316. Investment of funds.

(a) Duty of council.--Council shall invest borough funds consistent with sound business practice.

(b) Investment program.--Council shall provide for an investment program subject to restrictions contained in this part and in another applicable statute and any rules and regulations adopted by council.

(c) Authorized types of investments.--Authorized types of investments for borough funds are:

- (1) United States Treasury bills.
- (2) Short-term obligations of the United States Government or its agencies or instrumentalities.
- (3) Deposits in savings accounts or time deposits, other than certificates of deposit, or share accounts of institutions insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund to the extent that the accounts are so insured, and, for the amounts above the insured maximum, if approved collateral as provided by law shall be pledged by the depository.
- (4) Obligations of:
 - (i) the United States or its agencies or instrumentalities backed by the full faith and credit of the United States;
 - (ii) the Commonwealth or its agencies or instrumentalities backed by the full faith and credit of the Commonwealth; or

(5) Shares of an investment company registered under the Investment Company Act of 1940 (54 Stat. 789, 15 U.S.C. § 80a-1 et seq.), whose shares are registered under the Securities Act of 1933 (48 Stat. 74, 15 U.S.C. § 77a et seq.), if the only investments of the company are in the authorized investments for borough funds listed in paragraphs (1), (2), (3) and (4).

(6) Certificates of deposit purchased from institutions insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund to the extent that the accounts are so insured. For amounts above the insured maximum, the certificates of deposit must be collateralized by a pledge or assignment of assets of the institution, and the collateral may include loans, including interest in pools of loans, secured by first mortgage liens on real property. Certificates of deposit purchased from commercial banks must be limited to an amount equal to 20% of a bank's total capital and surplus. Certificates of deposit purchased from savings and loan associations or savings banks must be limited to an amount equal to 20% of an institution's assets minus liabilities.

(7) An investment authorized by 20 Pa.C.S. Ch. 73 (relating to municipalities investments) must be an authorized investment for a pension or retirement fund.

(8) Bonds of a municipal authority or parking authority created solely by the borough for the purpose of either investment or possible retirement of the bonds and acquisition of authority projects at an earlier date than originally contemplated, using for the purpose either surplus funds of the borough or money appropriated in the annual budget for the purpose.

(d) In making investments of borough funds, council has authority to:

(1) Permit assets pledged as collateral under sub section (c)(3), to be pooled in accordance with the act of August 6, 1971 (P.L.281, No.72), entitled "An act standardizing the procedures for pledges of assets to secure deposits of public funds with banking institutions pursuant to other laws; establishing a standard rule for the types, amounts and valuations of assets eligible to be used as collateral for deposits of public funds; permitting assets to be pledged against deposits on a pooled basis; and authorizing the appointment of custodians to act as pledgees of assets."

(2) Combine money from more than one fund under borough control for the purchase of a single investment, if each of the funds combined for the purpose shall be accounted for separately in all respects and the earnings from the investment are separately and individually computed and recorded and credited to the accounts from which the investment was purchased.

(3) Join with one or more other political subdivisions and municipal authorities in accordance with 53 Pa.C.S. Ch. 23 Subch. A (relating to intergovernmental cooperation) in the purchase of a single investment, provided the requirements of paragraph (2) are adhered to regarding separate accounting of individual funds and separate computation, recording and crediting of the earnings from the funds.

- 1406. Bonds for the protection of labor and materials.
- 1407. (Reserved).
- 1408. (Reserved).
- 1409. (Reserved).

- 1411. (Reserved).

§ 1401. Power to make contracts.

(a) Authority of borough.--Each borough may make contracts for lawful purposes and for the purposes of carrying into execution this part and laws of this Commonwealth.

(b) Contracts and purchases.--Except as otherwise specifically provided in this title, all contracts and purchases must be made with and from the lowest qualified and responsible bidder. In awarding contracts and making purchases, council has the right to take into consideration such factors as the availability, cost and quality of service and may establish prequalification standards for contracts and purchases. A prequalification standard must be reasonably designed to assist council in determining the ability of a bidder to successfully complete a contract or purchase.

(c) Electronic submission of bids.--A borough may permit the electronic submission of bids and may receive bids electronically for competitively bid purchases and contracts pursuant to 62 Pa.C.S. Ch. 46 (relating to electronic bidding by local government units).

§ 1402. Regulation of contracts.

(a) Requirements.--All contracts or purchases in excess of the base amount of \$18,500, subject to adjustment under subsection (a.2), except those mentioned in this section and except as provided by the act of October 27, 1979 (P.L.241, No.78), entitled "An act authorizing political subdivisions, municipality authorities and transportation authorities to enter into contracts for the purchase of goods and the sale of real and personal property where no bids are received," shall not be made except with and from the lowest qualified and responsible bidder after due notice in one newspaper of general circulation, at least two times at intervals of not less than three days where daily newspapers of general circulation are available for publication and, in case of weekly newspapers, notice once a week for two successive weeks. The first advertisement shall be published not more than 45 days and the second advertisement not less than ten days prior to the date fixed for the opening of bids. Advertisements for contracts or purchases must also be posted in a conspicuous place within the borough. Advertisements for contracts and purchases must contain the date, time and location for opening of bids and must state the amount of the performance bond determined under subsection (c). The amount of the contract must in all cases, whether of straight sale price, conditional sale, lease, lease purchase or otherwise, be the entire amount which the borough pays to

the successful bidder or the bidder's assigns in order to obtain the services or property, or both, and may not be construed to mean only the amount that is paid to acquire title or to receive another particular benefit of the whole bargain.

(a.1) Price quotations.--Written or telephonic price quotations from at least three qualified and responsible contractors must be requested for contracts in excess of the base amount of \$10,000, subject to adjustment under subsection (a.2), and less than the amount requiring advertisement and competitive bidding, or, in lieu of price quotations, a memorandum must be kept on file showing that fewer than three qualified contractors exist in the market area within which it is practicable to obtain quotations. A written record of telephonic price quotations must be made and must contain at least the date of the quotation, the name of the contractor and the contractor's representative, the construction, reconstruction, repair, maintenance or work that was the subject of the quotation and the price. Written price quotations, written records of telephonic price quotations and memoranda must be retained for a period of three years. Written price quotations as used throughout this section include electronic mail.

(a.2) Adjustments to base amounts.--Adjustments to the base amounts specified under subsections (a) and (a.1) must be made as follows:

(2) If the Department of Labor and Industry determines that there is no positive percentage change, no adjustment to the base amounts may occur for the relevant time period provided for in this subsection.

(3) (i) If the Department of Labor and Industry determines that there is a positive percentage change in the first year that the determination is made under paragraph (1), the positive percentage change must be multiplied by each base amount, and the products must be added to the base amounts, respectively, and the sums must be preliminary adjusted amounts.

(ii) The preliminary adjusted amounts must be rounded to the nearest \$100 to determine the final adjusted base amounts for purposes of subsections (a) and (a.1).

(4) In each successive year in which there is a positive percentage change in the CPI-U for the United States City Average, the positive percentage change must be multiplied by the most recent preliminary adjusted amounts, and the products must be added to the preliminary adjusted amount of the prior year to calculate the preliminary adjusted amounts for the current year. The sums must be rounded to the nearest \$100 to determine the new final adjusted base amounts for purposes of subsections (a) and (a.1).

(5) The determinations and adjustments required under this subsection must be made in the period between October 1 and November 15 of each year.

(6) The final adjusted base amounts and new final adjusted base amounts obtained under paragraphs (3) and (4) become effective January 1 for the calendar year following

the year in which the determination required under paragraph (1) is made.

(7) The Department of Labor and Industry shall publish notice in the Pennsylvania Bulletin prior to January 1 of each calendar year of the annual percentage change determined under paragraph (1) and the unadjusted or final adjusted base amounts determined under paragraphs (3) and (4) at which competitive bidding is required under subsection (a) and written or telephonic price quotations are required under subsection (a.1), respectively, for the calendar year beginning January 1 after publication of the notice. The notice must include a written and illustrative explanation of the calculations performed by the department in establishing the unadjusted or final adjusted base amounts under this subsection for the ensuing calendar year.

(8) The annual increase in the preliminary adjusted base amounts obtained under paragraphs (3) and (4) may not exceed 3%.

(b) Awarding contracts and authority of council.--

(1) The award of contracts must be made by public announcement at the meeting at which bids are received, or at a subsequent meeting, the time and place of which shall be publicly announced when bids are received. If for any reason one or both of the meetings are not held, the same business may be transacted at a subsequent meeting if at least five days' notice shall be published in the newspaper of general circulation. At council's request, the bids advertised for must be accompanied by cash, money order, a certified or cashier's good faith check or other irrevocable letter of credit drawn upon a bank authorized to do business in this Commonwealth or by a bond with corporate surety in the amount as council determines, and, when requested, no bid may be considered unless so accompanied.

(2) Notwithstanding paragraph (1), council may direct that a committee of council, a member of council or a member of the borough staff receive, open and review bids during normal business hours and forward the information to council for subsequent award at a public meeting. Bidders must be notified and other interested parties, upon request, must be notified of the date, time and location of the opening of bids and may be present when the bids are opened.

(c) Security.--The successful bidder when advertising is required may, at the discretion of council, be required to furnish a bond or irrevocable letter of credit or other security with suitable reasonable requirements guaranteeing the work to be done with sufficient surety in an amount as determined by council that must be not less than 10% nor more than 100% of the amount of the liability under the contract within 20 days after the contract has been awarded, unless council shall prescribe a shorter period of not less than ten days, and, upon failure to furnish the security within the time, the previous award is void. Deliveries, accomplishment and guarantees may be required in all cases of expenditures.

(d) Contracts or purchases.--The contracts or purchases made by council, which shall not require advertising, bidding or price quotations as provided in this part, are as follows:

(1) Those for maintenance, repairs or replacements for water, electricity or public works of the borough, if they do not constitute new additions, extensions or enlargements of existing facilities and equipment, but security may be required by council, as in other cases of work done.

(2) Those made for improvements, repairs and maintenance of any kind, made or provided by a borough, through its own employees, if the materials used for street improvement, maintenance or construction in excess of the amount specified or adjusted under subsection (a.1) are subject to the relevant price quotation or advertising requirements contained in this section.

(a) Prohibition.--

(1) No member of council may evade section 1402 (relating to regulation of contracts) as to advertising for bids by purchasing or contracting for services and personal properties piecemeal for the purpose of obtaining prices under the amount specified or adjusted under section 1402(a) upon transactions, which transactions should, in the exercise of reasonable discretion and prudence, be conducted as one transaction amounting to more than the amount specified or adjusted under section 1402(a).

(2) This subsection is intended to make unlawful the evading of advertising requirements by making a series of purchases or contracts, each for less than the advertising requirement price, or by making several simultaneous purchases or contracts, each below the price, when, in either case, the transactions involved should have been made as one transaction for one price.

(3) Any members of council who vote in violation of this subsection and know that the transaction upon which they vote is or should be a part of a larger transaction and is being divided in order to evade the requirements as to advertising for bids shall be jointly and severally subject

to a surcharge for 10% of the full amount of the contract or purchase.

(4) If it appears that a member of council may have voted in violation of this section, but the purchase or contract on which the member of council voted was not approved by council, this section shall not apply.

(b) Penalty.--Any council member who votes to unlawfully evade the provisions of section 1402 and knows that the transaction upon which the member voted is or should be a part of a larger transaction and is being divided in order to evade the requirements as to advertising for bids commits a misdemeanor of the third degree for each contract entered into as a direct result of that vote. The penalty under this subsection shall be in addition to a surcharge that may be assessed under subsection (a).

§ 1404. Personal interest in contracts or purchases.

Elected and appointed borough officials and borough employees are restricted from an interest in borough contracts and purchases to the extent provided in 65 Pa.C.S. Ch. 11 (relating to ethics standards and financial disclosure).

§ 1404.1. Purchase contracts for petroleum products and fire company, etc., participation.

The council of each borough shall have power to permit, subject to terms and conditions as it may and, as specifically provided, shall prescribe, a paid or volunteer fire company, paid or volunteer rescue company and paid or volunteer ambulance company in the borough to participate in purchase contracts for petroleum products entered into by the borough. A company desiring to participate in purchase contracts shall file with the borough secretary a request to authorize it to participate in contracts for the purchase of petroleum products of the borough and agreeing that it will be bound by the terms and conditions as the borough may and, as specifically provided, shall prescribe and that it will be responsible for payment directly to the vendor under each purchase contract. Among the terms and conditions, the borough shall prescribe that the prices must be F.O.B. destination.

§ 1405. Separate bids for plumbing, heating, ventilating and electrical work.

If, in the preparation for the erection, construction and alteration of a public building, the entire cost of the work exceeds the amount specified or adjusted under section 1402(a) (relating to regulation of contracts), the architect, engineer or other person preparing the specifications may, if requested by the council, prepare separate specifications for the plumbing, heating, ventilating and electrical work. The person authorized to enter into contracts for the erection, construction or alteration of the public buildings may, if the separate specifications have been proposed, receive separate bids upon each of the branches of work and shall award the contract to the lowest responsible bidder for each of the branches.

§ 1406. Bonds for the protection of labor and materials.

Before a contract exceeding \$10,000 is awarded to a prime contractor or construction manager for the construction, erection, installation, completion, alteration, repair or addition to a public work or improvement of any kind, the contractor shall furnish to the borough a payment bond for the protection of claimants supplying labor or materials to the prime contractor to whom the contract is awarded, at 100% of the contract amount, conditioned for the prompt payment of the materials furnished or labor supplied or performed in the

prosecution of the contract under the act of December 20, 1967 (P.L.869, No.385), known as the Public Works Contractors' Bond Law of 1967. The bond requirement is in addition to any other bond requirement required by law to be given in connection with the contract.

The certificate of exemption from insurance may be issued on the basis of either individual self-insurance or group self-insurance. Additionally, a contractor shall file with the borough with which the contract is made any applications to be excepted by the provisions of the Workers' Compensation Act in respect to certain employees on religious grounds if the applications have been accepted by the Department of Labor and Industry.

(b) Amendments to plan.--If a borough maintains a plan of streets adopted prior to July 16, 2012, or maintains an official map containing opened and unopened streets, a street laid out in accordance with this part by ordinance or by final approval of a subdivision or land development plan must be deemed an amendment to the plan. Notwithstanding any other provision of law, a deemed amendment as provided in this section and a subsequent placement of the street on a plan may not be subject to public notice or public hearing, if the street has been laid out in accordance with the requirements of this chapter.

§ 1721.1. Power to lay out, open, etc.

(a) Authority of borough.--In accordance with the provisions of this chapter, boroughs may, with or without petition of abutting property owners, lay out, open, widen, straighten, alter, extend and improve, and may establish or reestablish the grades of, and keep in order and repair and in safe passable condition, a street or portion of a street within the borough limits or may vacate the street or portion of a street if deemed expedient for the public good and provide for the costs of alteration.

(b) Laying out or opening streets.--Boroughs may lay out or open:

(1) a street or portion of a street as it appears upon a borough plan or an official map adopted in accordance with the Pennsylvania Municipalities Planning Code or is described in an ordinance adopted in accordance with this chapter;

(2) a street or portion of a street that the borough determines to acquire by eminent domain;

(3) a street to which the public has acquired rights by constant use over a period exceeding 21 years; or

(4) a street or portion of a street, laid out or constructed by a person that the borough sees fit to open or accept as provided in this chapter.

§ 1721.2. Laying out streets and procedure.

(a) Streets deemed to be laid out.--A street identified in a plan of streets, an official map adopted in accordance with the Pennsylvania Municipalities Planning Code or a recorded subdivision or land development plan is deemed to be laid out for purposes of this part.

(b) Future street opening.--A borough has the authority, by ordinance, to lay out an area for future opening as a public street. The proposed ordinance laying out the street must be advertised in a newspaper of general circulation once a week for two successive weeks. On or before the publication of the

first advertisement, personal notice must be provided to the owners of a property abutting the proposed street or through which the proposed street is to be laid out, and, if the proposed street will lead into an adjacent municipality, a copy of the proposed ordinance must be sent to the adjacent municipality. The proposed ordinance must have appended to the ordinance or referenced a map sufficient to apprise the public of the proposed location, profile and dimensions of the street and must list the names of the owners of a property through which the proposed street has been laid out.

(c) Hearing, notice and enactment.--Within ten days after the second publication of the notice required under subsection (b), an interested party may petition council for a hearing, which council shall hold within 60 days after the date of the petition. Council shall give at least 15 days' notice of the hearing in a newspaper of general circulation and by personal notice to persons entitled to the notice under subsection (b). Council may enact the ordinance no later than 30 days following the date of the hearing or, where no timely petition has been filed, within 30 days of the second publication of the notice required by subsection (b). The enactment of the ordinance constitutes public notice of the borough's intent to recognize the street within the system of borough streets and the borough's rights in the street. Within 30 days of the enactment of the ordinance, a party aggrieved by council's action may appeal to the court of common pleas.

(d) Filing of ordinance.--If, at the time of the enactment of an ordinance in accordance with subsection (c), the lines of the laid out street include property not subject to use as a public passageway, the ordinance must be filed with the recorder of deeds of the county where the borough is located. (f) Laying out without opening.--The laying out of a street, without opening the street, creates no right to public use of the street and does not constitute the taking or acceptance of a property or obligate the borough to improve or maintain the street or the property on which the street has been laid out.

(g) Previously laid out streets.--Nothing in this section may affect the validity or legal effect of a street laid out in accordance with law prior to July 16, 2012.

Following at least 15 days' notice in a newspaper of general circulation and at least 15 days' personal notice to the owners of the real estate abutting upon the land over which the street or portion of the street was laid out, council shall hold a public hearing on the matter.

Council may, on motion, deny the petition or, by ordinance, grant the petition and cancel the laying out of the street. A person aggrieved by the decision of the council, either granting or denying the petition, may appeal it. The ordinance providing for the cancellation of the laying out of a street must be filed with the recorder of deeds in accordance with section 1721.2(d) (relating to laying out streets and procedure).

(b) Street unopened after 21 years.--If a street has been laid out and has not been opened to or used by the public for a period of 21 years, the street may not thereafter be opened without the consent of at least 51% of the number of owners of the abutting real estate and without the consent of the owners of at least 51% of the property abutting the street, based on a front foot basis.

§ 1731. Authority to open and vacate streets and procedure.

(a) Authority of council.--By ordinance, council has the authority to:

(1) Open a street or portion of a street previously laid out or simultaneously to lay out and open a street or portion thereof. A street or portion of a street so opened is a public street of the borough.

(2) Vacate or close a street or portion of a street previously opened or laid out provided that no street or portion of a street providing the sole means of access to a tract of land is vacated without the consent of those to whom access would be denied. Vacation of a street terminates the public right in or to the street but does not affect a private right acquired by an owner of abutting property.

(b) Notice.--The proposed ordinance opening or vacating a street or portion of a street must be advertised in a newspaper of general circulation once a week for two successive weeks. On or before the publication of the first advertisement, personal notice must be provided to the owners of a property abutting the street proposed to be opened or vacated. The proposed ordinance must have appended to it or reference a map or survey sufficient to apprise the public of the proposed location, profile and dimensions of the street and must list the names of the owners of a property abutting the street.

(c) Hearing.--Within ten days after the second publication of the notice required under subsection (b), an interested party may petition council for a hearing, which council shall hold within 60 days after the date of the petition. Council shall give at least 15 days' notice of the hearing in a newspaper of general circulation and by personal notice to persons entitled to notice under subsection (b). Council may enact the ordinance no later than 30 days following the date of the hearing or, where no timely petition has been filed, within 30 days of the second publication of the notice required under subsection (b). Within 30 days of the enactment of the ordinance, any party

aggrieved by council's action may appeal to the court of common pleas.

§ 1732. Petition for opening or vacating street and action thereon.

(a) Petitioning council.--Any person or persons constituting a majority in number and interest of the owner of the real estate abutting upon an area not opened as a street or abutting upon an existing street or portion of a street may petition the council to:

(1) Open or lay out and open the area as a street or portion of a street.

(2) Vacate a street or portion of a street.

(b) Hearing and decision.--Council shall hold a hearing after receiving a petition filed with council in accordance with subsection (a), following at least 15 days' personal notice to the owners of abutting real estate not joining in the petition and following at least 15 days' notice thereof in a newspaper of general circulation. Following the hearing, council shall either by motion deny the petition or by ordinance open, lay out and open or vacate the street or portion of the street. The provisions of section 1731 (relating to authority to open and vacate streets and procedure) applicable to ordinances enacted by authority of that section apply to ordinances enacted by authority of this section.

(c) Release.--A petition for the vacation of a street or portion of a street may release the borough from the damages sustained as a result of the vacation if the petition is signed by the owners of the property abutting upon the street or portion of the street. Where the release has been included in the petition, no proceedings for award of damages may be had, and no damages as a result of the vacation may, under any conditions, be awarded to an abutting property owner.

§ 1733. Action for damages and benefits and award.

(a) Authority of borough.--Upon the effective date of an ordinance enacted to open a street or portion of a street by authority of section 1731 (relating to authority to open and vacate streets and procedure) or 1732 (relating to petition for opening or vacating street and action thereon), the borough has authority to enter upon and take possession of the street or portion of the street opened by the ordinance, if no structures are upon the street. If a structure has been located upon the street or portion of the street so opened, prior to the laying out of the street or prior to the simultaneous laying out and opening of the street, the street may not be opened until the owner of the structure has been given 60 days' personal notice to vacate the structure. Council may not be required to file any bond or security for the exercise of the right granted by this section.

(b) Limitation.--The parties whose ground is taken in the opening of a street or portion of the street have three years from and after the effective date of the ordinance opening the street or portion of the street in which to bring an action for damages resulting from the opening of the street or portion of the street. In case of the assessment of damages for the opening of a street or portion of the street, the award of damages, if any, includes:

(1) the damages resulting from the grade at which the street or portion of the street is to be opened; and

(2) the plan attached to the report of the viewers awarding the damages must include a profile plan showing the existing grade as well as the grade to which the street or portion of the street is to be opened.

Costs and expenses that cannot be assessed upon property benefited must be paid by the borough.

(c) No agreement on damages.--If the parties cannot agree upon damages sustained by reason of the opening or vacation of any street or portion of a street, the damages shall be assessed by a jury of view under the law governing eminent domain.

§ 1734. Acceptance and dedication of streets.

(a) Accept an opened street.--A borough may, by ordinance, accept an opened street not previously dedicated to or laid out by the borough by following the procedure set forth in section 1731 (relating to authority to open and vacate streets and procedure) or 1732 (relating to petition for opening or vacating street and action thereon), and the effect of the acceptance shall be the same as of opening the street. No street may be accepted unless the street connects with at least one other previously opened street or State highway.

(b) Prohibition.--No borough may acquire a right in or responsibility for a street privately constructed until dedication of the street has been presented to and accepted by the borough and until the dedication has been recorded in the county office for the recording of deeds.

§ 1735. Streets not to be constructed, dedicated or opened to travel without the approval of council.

(a) Requirements.--No person may construct, dedicate or open to travel a street or a drainage facility in connection with the street for public use or travel or for the common use of occupants of buildings abutting thereon in a borough without first submitting suitable plans to the council and obtaining its approval. The plans must:

(1) be prepared in accordance with rules and regulations as may be prescribed by the council; and

(2) show the profiles of the street, the course, structure and capacity of a drainage facility, and the method of drainage of the adjacent or contiguous territory, and any other or further details that may be required under the rules or regulations adopted by the council.

(b) Pennsylvania Municipalities Planning Code.--The Pennsylvania Municipalities Planning Code shall apply to the construction, security requirements and dedication of streets and connected drainage facilities if the streets proposed to be constructed are part of a plan required by an ordinance adopted under the Pennsylvania Municipalities Planning Code.

(c) Authority and duties of council.--

(1) Before acting upon plans not subject to review under subsection (b), council may, at its discretion, arrange for a public hearing after giving the notice as it may deem desirable in each case. Council may alter the plans and specify changes or modifications of any kind and may make its approval of the plans subject to alterations, changes or modifications. Plans, when so approved, must be:

(i) signed on behalf of the borough by the officer as the council may designate; and

(ii) must be filed where the plans are available for public inspection among the records of the borough at reasonable times.

(2) No approval of plans by council may obligate or require the borough to construct, reconstruct, maintain, repair or grade a street or drainage facilities associated therewith.

(d) No plan approved.--If the council refuses to approve any plans submitted to it, a person aggrieved by the action of council may, within 30 days after the action, appeal from the

action by petition to the court of common pleas of the county, and the court shall hear the matter de novo. After hearing, the court may enter a decree affirming, reversing or modifying the action of the council as may appear just. The court shall designate the manner in which notice of the hearing of an appeal shall be given to all parties interested. The decision of the court shall be final. A plan approved by the action of council or by the court on appeal must be recorded by the person applying for approval in the office of the recorder of deeds in the county.

(e) Restriction.--If a street or a drainage facility in connection with the street is opened, constructed or dedicated for public use or travel, except in strict accordance with a plan approved by the council or the court on appeal as provided in this chapter, neither the council nor any other public authority may place, construct or operate a sewer, drain, water pipe or other facility or do any work in or upon the street. Neither council nor any other public authority has a responsibility with respect to the street or drainage facility, notwithstanding the use of the street or drainage facility by the public. Nothing in this chapter prevents the laying of a trunk sewer, drain or water or gas main, if required by engineering necessity for the accommodation of other territory.

(f) Failure to comply with chapter.--A person who constructs, opens or dedicates a street or drainage facility in connection with a street, for public use or travel in a borough, without having first complied with this chapter is guilty of a misdemeanor of the third degree and is subject to a suit for the costs and damages incurred by the borough or property owners in the course of correcting the substantive violations of State law or borough ordinance resulting from or arising out of the unlawfully constructed street or facility. Nothing under this section may be construed to apply to the Department of Transportation.

The straightening or relocation shall be considered as an opening or vacation and shall be effected in the same manner and by the same procedure as provided in section 1731 (relating to authority to open and vacate streets and procedure) but may be considered as a single proceeding to be effected by enactment of a single ordinance.

"Sidewalk." The portion of a street located outside the cartway and may include paved footway, unpaved grasslot, curb and gutter.

§ 1801. Power to lay out, establish and compel construction of sidewalks.

(a) General rule.--

(1) Any borough may, by ordinance, lay out and establish sidewalks, curbs, gutters and surface water drains along any street and, with the consent of the Secretary of Transportation, along any State highway.

(2) The borough may also require owners of property abutting on any street or State highway to grade, construct, drain, pave and repave the sidewalk, curb or gutter and keep them in repair and in safe and usable condition along the property at the grades and under the regulations and specifications as council may prescribe.

(b) (Reserved).

§ 1802. Sidewalks on land abutting State highways and along roads outside borough.

Any borough may, by ordinance, lay out sidewalks, gutters and surface water drains upon land abutting the sides of State highways and upon land abutting the sides of public roads, where the roads are outside the borough limits, but the land upon which the sidewalks, gutters and surface water drains are to be laid out is within the borough limits.

§ 1803. Establishment of grades.

Any borough may establish a grade or grades for sidewalks, which may be separate and apart from the grade or grades established for the cartway or roadway.

§ 1804. Boroughs may pay all or part of cost of grading and curbing.

The borough may collect the cost of the work and an additional 10% of the cost, together with all charges and expenses, from the owner and may file a municipal claim for the amounts or collect the amounts by action in assumpsit.

(b) Notices.--

(1) All notices shall be served upon the owner of the premises to which the notice refers, if the owner is a resident of the borough. If the owner is not a resident, the notice may be served upon the agent or tenant of the owner or upon the occupant of the premises. If the owner has no agent or tenant or there is no occupier of the premises, service shall be by notice posted upon the premises.

(2) The notice required by this section shall specify a period of time of not less than 30 days for the owner to complete the specified work. If the work has not been

completed after the specified time has elapsed, the owner shall be deemed to have failed to comply.

§ 1806. Emergency repairs to sidewalks.

(a) General rule.--

(1) In addition to the remedies now vested in boroughs to make repairs to sidewalks, any borough shall have power to make emergency repairs to any sidewalks within the borough if an inspection of the sidewalk discloses that, and a certificate made by the officer or head of the department or committee lawfully having charge of sidewalk repairs specifies that, a dangerous condition exists that can be repaired by an expenditure of not more than \$1,000.

(2) Before repairs are made, a notice to make the repairs within 48 hours shall be served upon the owner of the property. If the owner cannot be served within the county, notice may be served upon the agent of the owner or the party in possession or, if there is no agent or party in possession, the notice may be served by posting the same upon the premises.

(2) This section is intended to provide an additional remedy for boroughs in connection with emergency repairs, where the actual cost of doing the work does not exceed \$1,000. The certificate of the officer or head of the department or committee in charge of repairs to sidewalks shall be conclusive evidence of the existence of the emergency justifying the repair under the terms of this section.

1902. Right to appropriate property and assessment of damages.

1903. Boundary bridges.

1904. Contracts with railroads, other companies and counties.

1905. Overhead and underground passageways.

§ 1901. Construction or acquisition and maintenance of bridges and viaducts.

(a) Authority.--Any borough may locate and build, or acquire by purchase, condemnation or otherwise, any bridge or viaduct and the piers, approaches and abutments for the bridge or viaduct, to be used and thereafter improved and maintained as a street, over any river, creek, stream, railroad or public or private property or over and across a combination of any of them, whether the bridge or viaduct shall be wholly or partly within the borough limits.

(b) Proceedings.--The proceedings for laying out and opening a bridge or viaduct shall be the same as provided by this part for the laying out and opening of streets, and the bridge or viaduct or portion of the bridge or viaduct may thereafter be vacated under the same procedure as provided in this part for the relocation or vacation of streets or portions of streets.

§ 1902. Right to appropriate property and assessment of damages.

In any case where the borough does not agree with the owner or owners for damages done or likely to be done by the erection of a bridge or viaduct, the borough may take and appropriate the land and property necessary to erect the bridge or viaduct. The damages caused by the taking and appropriation shall be assessed according to 26 Pa.C.S. (relating to eminent domain). § 1903. Boundary bridges.

If a bridge or viaduct crosses the boundary line of a borough and another municipality, the borough may enter into an intergovernmental cooperation agreement in accordance with 53 Pa.C.S. Ch. 23 Subch. A (relating to intergovernmental cooperation) with the municipality for the construction and maintenance of the bridge and shall apportion the costs according to the intergovernmental agreement.

§ 1904. Contracts with railroads, other companies and counties.

(1) The borough may enter into a contract with the county commissioners, railroads, street railways and other companies or interested parties for the building and maintenance of bridges or viaducts and for the payment of any damages caused by the location or erection thereof.

(2) The contracts may stipulate that the county, borough, railroad company, street railway or other company or interested party shall pay a certain part of the contract price of the work, including damages, or may stipulate that each shall construct a certain portion of the work and may provide otherwise for the payment of damages.

(b) Payment.--

(1) When any railroad company, street railway or other company or interested party agrees to pay a certain portion of the cost of the work, it shall pay the portion into the borough treasury. The borough treasurer shall pay the amount over to the contractor, as may be provided in the contract. The amount to be paid by the county shall be paid directly to the contractor.

(2) The agreement may provide for the maintenance of the bridges and viaducts after their erection. Nothing under this section shall authorize any borough to contract with a county for the maintenance of any bridge or viaduct which does not cross a place over which the county is authorized to build bridges. The bridge or viaduct shall be maintained as a borough structure, and the borough may contract with any party interested, except the county, for the maintenance of the bridge or viaduct.

(3) Nothing in this section shall affect the powers or duties of the Pennsylvania Public Utility Commission to the extent otherwise provided by law.

§ 1905. Overhead and underground passageways.

If the comfort and safety of the residents of a borough and an adjoining municipality are enhanced by any overhead or underground passageway connecting with adjoining streets in either the borough or the municipality and extending to any plant or place of business where residents of the borough are employed, the borough may, jointly with each adjoining municipality, construct and maintain any passageway or may join with other interests in the construction and maintenance of the passageway.

The following words and phrases when used in this chapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

"Combined sewer." A sewer used for the receiving and collecting of sewage and liquid waste from the inside of buildings and structures, storm water, roof or surface drainage, sump pump discharge and draining from foundation drains.

"Sanitary sewer" or "sanitary sewer system." A sewer or sewers used for receiving and collecting sewage matter and liquid waste from the inside of buildings and structures. Storm water shall not be permitted to enter into a sanitary sewer. A sanitary sewer or sanitary sewer system does not include a combined sewer.

"Sewer system." Either a sanitary sewer or a combined sewer and includes pump stations and force mains.

§ 2001. Power to lay out and construct.

(a) General rule.--

(1) Upon enactment of an ordinance, boroughs may lay out and construct sanitary sewers and branches of sanitary sewers in streets and on public or private property and may construct sewage treatment works on land owned or acquired for those purposes. Boroughs may pay the costs and expenses of sanitary sewer systems and treatment works out of borough funds or may assess the costs and expenses pursuant to Chapter 21A (relating to assessments and charges for public improvements).

(2) Boroughs may determine the location and the manner in which sanitary sewer systems shall be constructed. Sanitary sewers laid and constructed in streets may be located in the center of the street or in the right-of-way or the curb lines of the street and may be for the service and use of properties on both sides of the street or on only one side of the street in which they are laid, as directed by the council. Boroughs shall have the authority to lay out

and construct sanitary sewers in any street, any portion of which is within the limits of the borough and which forms a portion of the boundary dividing the borough from any other municipal corporation within the same county, in the same manner and to the same extent as if the whole of the street was within the limits of the borough.

(3) If any borough is maintaining and operating a sanitary sewer system and sewage treatment works, it shall be lawful for the borough to supply sewerage service to municipalities, persons and corporations outside the limits of the borough and to enter into contracts for service at rates not less than those required to be paid by persons and corporations within the limits of the borough. This privilege shall not conflict with the rights of any sewer company or the rights of any other borough.

(b) Consent.--

(1) If required by other law, a borough shall obtain the consent and permit of the Department of Environmental Protection or other Federal, State or county entity, including the Pennsylvania Turnpike Commission, for the laying out and construction of a sanitary sewer and treatment works.

(2) Where construction beyond the limits of the borough is entirely within the limits of a State or county highway or the turnpike, a sanitary sewer may be constructed in or under the State or county highway or turnpike if written notice is given to the Department of Transportation, county commissioners or Pennsylvania Turnpike Commission, respectively, and consent is obtained before construction is commenced. Permission shall not be unreasonably withheld.

(c) Regulations.--Council may, by ordinance, make regulations respecting the use and maintenance of the sanitary sewer system and treatment works. Violations of the ordinance may be enforced by penalties. The regulations may do all of the following:

(1) Specify materials and substances which may or may not enter the public sewer or sewer system.

(2) Require that certain types or classes of waste be subjected to treatment or to grinding or other reduction in size before entering into the sewer.

(3) Restrict the quantity of waste material that may enter a sanitary sewer from any premises within any time interval.

(4) Require that property owners provide means other than the public sanitary sewers for disposal of storm, surface and roof water originating or accumulating upon their property.

§ 2002. Assessments.

Assessments, whether based according to benefits conferred or by the front foot basis, and assessment awards, if any, shall be calculated pursuant to Chapter 21A (relating to assessments and charges for public improvements).

§ 2008. (Reserved).

§ 2009. Extensions beyond borough limits and eminent domain.

The borough may extend the necessary sewer mains, pipes and outlets beyond the limits of the borough to a point where the sewage is to be disposed or collected and received. The borough

shall have power to enter upon and condemn land for the construction of all sewer mains, outlets and treatment works as may be necessary for the disposal or the collection of the sewage if the extension is in conformity with 26 Pa.C.S. § 206 (relating to extraterritorial takings) and any other applicable requirement of 26 Pa.C.S. (relating to eminent domain).

§ 2010. Notice of certain ordinances.

No ordinance for any construction of sewers or treatment works beyond the limits of the borough shall be enacted until notice of the ordinance has been given in all of the following manners:

(1) By publication of the proposed ordinance once a week for four weeks in one newspaper of general circulation.

(2) By serving copies of the proposed ordinance at least ten days before the enactment of the ordinance upon all land owners through whose land the sewer is to pass or on whose lands any treatment works are to be located.

§ 2011. (Reserved).

§ 2012. Unlawful to build within right-of-way of sanitary sewers.

It shall be unlawful for any person to erect any building or make any improvement within the right-of-way of any sanitary sewer after due notice of the laying out of the sanitary sewer, and, if any erection or improvement shall be made, no allowance shall be had for the building or improvement in the assessment of damages.

§ 2013. Opening sanitary sewers.

(a) General rule.--A proceeding to open a sanitary sewer shall be void if a borough:

(1) lays out any sanitary sewer over or under private property which is located in whole or in part within the limits of the borough; and

(2) does not proceed to open the sanitary sewer and to assess the damage arising therefrom within two years from the enactment of the ordinance.

(b) Exception.--If a borough has laid out a sanitary sewer without the enactment of an ordinance prior to July 16, 2012, and has not opened the sanitary sewer, the proceedings shall not be deemed to be void. The borough shall have two years from July 16, 2012, to open the sanitary sewer or the whole proceeding shall be void.

§ 2021. Joint sanitary sewer systems.

(a) General rule.--Pursuant to 53 Pa.C.S. Ch. 23 Subch. A (relating to intergovernmental cooperation), boroughs may contract with other municipal corporations providing for the joint construction or maintenance of sanitary sewer systems and for the joint construction onto existing sanitary sewer systems. The agreement shall provide for the apportionment of costs among the municipal corporations. The council may assess the borough's respective portion of the costs, as may be legally assessable, upon property benefited by the facilities pursuant to Chapter 21A (relating to assessments and charges for public

improvements). Any portion of the cost not assessed or assessable shall be paid by the respective municipal corporations under the agreement.

(b) Composition of joint sanitary sewer board.--

(1) The municipal corporations joining or contemplating joining in any improvement, in order to facilitate the building of the sanitary sewer system and in securing preliminary surveys and estimates, may, by ordinance, provide for the appointment of a joint sanitary sewer board composed of one representative from each of the municipal corporations joining. The board shall act as the advisory and administrative agency in the construction of the improvement and its subsequent operation and maintenance.

(2) Members of the joint sanitary sewer board shall serve for terms of six years each from the dates of their respective appointments and until their successors are appointed. The joint sanitary sewer board shall organize by the election of a chair, secretary and treasurer. The secretary and treasurer may be the same person.

(3) The municipal corporations may, in the ordinances creating the joint sanitary sewer board, authorize the board to appoint an engineer, a solicitor and other assistants as are deemed necessary and agree to the share of the compensation of those persons each municipal corporation is to pay.

(4) The members of the joint sanitary sewer board shall receive compensation for attending board meetings as established in the budget that is prepared by the joint sanitary sewer board and submitted to and adopted by the municipal corporations. The members shall be entitled to actual expenses to be paid by the respective municipal corporations the members represent.

(c) Powers of the joint sanitary sewer board.--

(1) The joint sanitary sewer board may adopt rules and regulations consistent with the requirements of this part to govern its proceedings and shall prepare and suggest any practical measures and plans by which the joint improvement may be carried to successful completion and plan the future development of the system, so as to conform to a general plan.

(2) The joint sanitary sewer board may prepare a joint agreement or agreements for submission to and adoption by the municipal corporations defining the advisory and administrative powers of the joint sanitary sewer board and setting forth the following:

(i) Consents of the municipal corporations to the proposed improvement.

(ii) The manner in which preliminary and final plans, specifications and estimates for the proposed improvement shall be prepared and adopted.

(iii) How proposals for bids shall be advertised and contracts awarded.

(iv) The manner in which the costs of the improvement and other incidental and preliminary expenses in connection with the improvement and the future cost of operation and maintenance shall be equitably shared, apportioned and paid.

(v) All other matters, including the preparation and submission of annual and other budgets, as may be deemed necessary or required by law to complete the proposed improvement and to assure future maintenance and operation thereof.

(3) The joint sanitary sewer board may not make any improvement or spend any public money which has not first been authorized by all of the municipal corporations proceeding with the improvement.

(d) Eminent domain.--

(1) When it is necessary to acquire, appropriate, injure or destroy private property to build a joint sanitary sewer system or improvement and the property cannot be acquired by purchase or gift, the right of eminent domain shall vest in the municipal corporation where the property is located.

(2) When it is necessary to acquire, injure or destroy property in any territory not within the limits of any of the municipal corporations joining in the improvement, the right of eminent domain shall be vested in the municipal corporation adjacent to the territory where the property is located subject to 26 Pa.C.S. § 206 (relating to extraterritorial takings).

(3) Damages for any property taken, injured or destroyed shall be assessed under laws relating to the municipal corporation exercising the right of eminent domain and shall be paid by the municipal corporations joining in the same proportion as other costs of the improvements.

(e) Indebtedness.--Each of the boroughs joining in the improvement shall have power to incur or increase its indebtedness, not exceeding the constitutional limits, for the purpose of paying its share or portion of the cost of the improvement in the manner now provided by law for the incurring of indebtedness.

§ 2022. (Reserved).

§ 2023. Connections with sanitary sewers of adjacent municipalities.

A borough may connect with an existing sanitary sewer, owned by an adjacent municipality, for sewerage purposes in the manner prescribed in sections 2024 (relating to applications to court), 2025 (relating to appointment of viewers) and 2026 (relating to report of viewers and appeals to court).

§ 2024. Applications to court.

If a borough desires to connect with the existing sanitary sewer of an adjacent municipality and no agreement, either upon the basis of a rental payment for the use of an existing sanitary sewer or a division of the cost of the construction or maintenance of the sanitary sewer, has been reached between the borough and the adjacent municipality, an application shall be made by council to the court of common pleas of the county where the proposed connection is to be located, setting forth that fact.

§ 2025. Appointment of viewers.

If the court determines that the connection can be made without impairing the usefulness of the existing sanitary sewer, it shall appoint three viewers who shall:

(1) View the premises and investigate the facts of the case.

(2) Assess the proportionate part of the expense of building the original sanitary sewer upon the borough.

(3) Fix the proportion of the expense for repairs which each municipality shall thereafter bear.

(4) Determine all other questions liable to arise in connection with the sanitary sewer.

§ 2026. Report of viewers and appeals to court.

The viewers shall report to the court the result of their investigation. The report shall be confirmed within 30 days unless exceptions are filed. After confirmation of the report

or the disposal of any exceptions, any party interested may appeal from the decision of the court of common pleas.

§ 2040. Definitions.

The following words and phrases when used in this subchapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

All or part of a device or devices installed on any privately or publicly owned parcel of land intended to treat or dispose of the sewage or equivalent volume of domestic sewage from two or more residences, buildings or occupied parcels of land, or any system of piping used in collection and conveyance of sewage on private or public property.

§ 2041. (Reserved).

§ 2041.1. Power to acquire community sewage collection or disposal systems.

(a) General rule.--A borough may, by ordinance, acquire ownership of a community sewage collection or disposal system by purchase or by the exercise of eminent domain pursuant to 26 Pa.C.S. (relating to eminent domain) or by gift from the owner or owners.

(b) Assessment of costs and expenses.--In eminent domain proceedings, the viewers shall assess the costs and expenses of the community sewage collection or disposal system acquired by the borough upon the property or properties benefited according to benefits. Any deficiency that is not assessed upon the benefited property or properties shall be paid by the borough.

§ 2042. (Reserved).

§ 2043. Community sewage collection or disposal systems.

(a) General rule.--After a community sewage collection or disposal system has been acquired under this subchapter by the borough, the council shall have the power to enlarge the system if it deems it advisable. The cost and expenses of the enlargement may be distributed or assessed in the same manner as if the enlargement was a regular sewer constructed by the borough under other provisions of this part.

(b) Acquisition and ownership.--If a community sewage collection or disposal system is established or constructed within a borough by a private owner or owners and the council is thereafter empowered by ordinance to acquire the ownership of the sewage disposal system, or when the system has been enlarged by the borough, the acquisition and ownership shall be subject to the following provisions:

(1) An agreement shall be considered a valid agreement by the owners of the sewage collection or disposal system and shall be a transfer of ownership to the borough when any

of the following enter into an agreement with the borough for the acquisition of the system by the borough:

(i) The person or persons having established or constructed a community sewage collection or disposal system.

(ii) More than one-half of the number of owners of properties which are connected with, have a right to use and are using a community sewage collection or disposal system.

(i) Persons having acquired from the borough or from the former owner or owners the right to use the system.

(ii) Other owners of property accessible to the system up to the capacity of the community sewage collection or disposal system.

(3) All persons whose property connects with the community sewage collection or disposal system acquired or constructed by the borough shall pay to the borough treasurer a monthly, quarterly, semiannual or annual charge prescribed by a resolution of the council. The amount of the charges shall not be in excess of the estimated amount necessary to maintain and operate the system and to establish a reserve fund sufficient for its future replacement.

(4) All sewer rentals or charges imposed by the council against properties connected with a community sewage collection or disposal system under this section shall constitute liens against the properties and may be collected in the same manner as other sewer charges.

(5) All money received from the sewer charges shall be deposited as a special reserve fund and shall be used only for the payment of the cost of operating and maintaining the community sewage collection or disposal system and the replacement of the collection or disposal system, if necessary and economically desirable. If, at any time after the acquisition or enlargement of the community sewage collection or disposal system, a regular sewer system is made available by the borough for connection with the properties using the community sewage collection or disposal system, the owners of the properties shall be subject to the other provisions of this part relating to sewers, and all money at that time in the reserve fund which was received from charges for the use of that particular community sewage collection or disposal system and which is over and above the amount expended for the operation and maintenance of that particular community sewage collection or disposal system shall be used towards the payment of any sewer assessments charged against the properties under other sections of this part.

(c) Construction.--Nothing in this section may be construed to supersede the requirements of the act of January 24, 1966 (1965 P.L.1535, No.537), known as the Pennsylvania Sewage Facilities Act.

2054. (Reserved).

§ 2051. Ordinances to require sanitary sewer connections.

A borough may, by ordinance, require any owner of property benefited, improved or accommodated by a sanitary sewer to make connections with the sanitary sewer, in the manner as the borough may order, for the purpose of discharge of drainage or waste matter as the borough may specify. All connections required shall be uniform. The owner shall be given at least 45 days' notice of any ordinance requiring a sanitary sewer connection. Upon failure of the owner to make the connection, the borough may make the connection and collect the cost from the owner by a municipal claim or by an action of assumpsit. The borough may, by penalties, enforce any ordinance it enacts with reference to any sanitary sewer connections.

§ 2052. (Reserved).

§ 2053. Tapping fees.

The following shall apply to tapping fees:

(1) Any borough may, by ordinance, provide for charging a tapping fee if the owner of any property connects the property with a sanitary sewer system constructed or acquired by the borough if the tapping fee is calculated in accordance with 53 Pa.C.S. § 5607 (relating to purposes and powers). The tapping fee shall be in addition to any charges assessed and collected against the property in the construction or acquisition of the sanitary sewer by the borough.

(2) If a sanitary sewer system or any part or extension of a sanitary sewer system owned by a borough has been constructed by the borough at the expense of a private person or corporation or has been constructed by a private person or corporation under the supervision of the borough at the expense of the private person or corporation, the borough shall have the right to charge a tapping fee calculated in accordance with 53 Pa.C.S. § 5607 and refund the tapping fee or any part of the fee to the person or corporation who has paid for the construction of the sanitary sewer system or any part or extension of the sanitary sewer system in accordance with 53 Pa.C.S. § 5607. The total of the refunds shall never exceed the cost of the system or any part or extension of the system to the person or corporation paying for the construction of the system or any part or extension of the system.

(3) Where the property connected or to be connected with the sanitary sewer system of the borough is not equipped with a water meter, the borough may install a meter at its own cost and expense. § 2061. Ordinance for monthly, quarterly or annual rental.

If a borough constructs any sanitary sewer, sewer system or sewage treatment works or acquires, wholly or partially, the same at public expense, as authorized in this chapter, the council may provide, by ordinance, for the collection of a monthly, quarterly or annual rental or charge or a fixed sum

for the use of the sanitary sewer, sewer system or sewage treatment works from the owner of property served by it.

§ 2062. Rental amount.

(a) Included amounts.--The monthly, quarterly or annual rental may include:

(1) The amount expended monthly, quarterly or annually by the borough in maintenance, repair, alteration, inspection, depreciation or other expense of the sanitary sewer, sewer system or sewage treatment works.

(2) Interest on money expended or borrowed by the borough in the construction of the sanitary sewer, sewer system or sewage treatment works or in the acquisition, enlargement or extension of the sanitary sewer or sewer system.

(b) Apportionment.--The monthly, quarterly or annual amount or fixed sum shall be apportioned equitably among the properties served by the sanitary sewers, sewer system or sewage treatment works.

§ 2063. Collection of rental.

(a) General rule.--The monthly, quarterly or annual rental or charge or the fixed sum shall be authorized and collected as provided by general ordinances and, if levied and charged, shall be a lien on the properties charged from the date set forth in the ordinance. If the rental, charge or fixed sum is not paid after 30 days' notice, it may be collected by an action of assumpsit in the name of the borough against the owner of the property charged or by a lien filed in the nature of a municipal lien.

(b) Collection.--The council shall execute a warrant or warrants authorizing the collection of the monthly, quarterly or annual sewer rentals or charges, or the fixed sum, to the officer employed by council to collect the same. The officer shall have the authority now vested by law for the collection of borough taxes.

21A05. Assessment awards.

21A06. Petition for viewers.

21A07. Payment of assessments in installments.

21A08. Collection of assessments.

§ 21A00. Definitions.

The following words and phrases when used in this chapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

"Personal notice." The term shall mean and include notice upon the owner of a property either by personal service upon the owner or by certified mail to the owner at the owner's last known address or where service, after a reasonable attempt, shall not have been successfully made by either of these two methods, then by leaving notice at or upon the property.
§ 21A01. Authority to assess.

(a) General rule.--Council shall have the power to pay the cost, in whole or in part, of any and all public improvements of all natures and descriptions, including, but not limited to, the grading, building, paving, regrading, rebuilding and repaving of streets as defined in section 1701 (relating to definitions), the creation, extension, renovation or enlargement of water mains and sewage collection, transmission, treatment and disposal systems and the creation, extension and renovation of storm, surface and subsurface drainage systems, the construction, reconstruction and repair of wharves and docks, the installation of ornamental street lighting or the planting, removal, maintenance and protection of shade trees by any of the following methods:

- (1) from general borough funds;
- (2) from special borough funds created for that purpose;

or

(3) by assessment of costs against the benefited properties either on the front foot or benefit conferred method of assessment.

Except as provided in subsection (c), the costs and expenses of sanitary sewers may be assessed against properties benefited, accommodated or improved regardless of the property line location and regardless of whether any portion of a property benefited, accommodated or physically improved abuts upon the sanitary sewer.

(b) Payment of indebtedness.--

(1) If a borough that incurs authorized indebtedness under 53 Pa.C.S. Pt. VII Subpt. B (relating to indebtedness and borrowing) for the purposes of funding the cost and expense of making public improvements for which assessments can be made in accordance with this chapter, payments made on the assessment must be applied to pay the debt service for the indebtedness incurred for funding the cost and expense of making the public improvement.

(2) Notwithstanding section 21A07 (relating to payment of assessments in installments), when bonds are issued in a manner provided by law and an assessment is to be paid in installments, the assessment shall be payable in equal installments during the term for which the bond is issued, and the cost of the improvement plus interest beginning the first day when interest is payable on the bond shall be the cost of the improvement to be assessed on a property.

(c) Property outside borough.--Property benefited, improved or accommodated which is located outside the limits of the borough that constructed a sanitary sewer may, if located no more than 150 feet from the sewer main, be assessed for the cost of the sewer in the same manner as the property would be assessed under the laws of this Commonwealth if it were entirely located within the limits of the borough, if the property is given permission to use the sanitary sewer and is not, at the time the sanitary sewer is constructed, provided with sanitary sewer facilities.

(d) Water mains.--Boroughs shall have power to assess the whole cost or any part of the cost of construction of new water mains built in connection with the establishment or extension of a municipally owned water supply system, even if the mains are located outside the limits of the borough, and that serve abutting properties, against the properties abutting the boundary line. The borough may provide that the assessment be rebated to the owner of the assessed property out of rates charged for water consumed in serving the assessed property. The borough may also issue a negotiable credit memorandum in the amount of the assessment which may be used for the payment of any water service to the extent of the assessment.

§ 21A02. Notice of assessments.

The borough secretary shall cause 30 days' personal notice of the assessment to be served upon each property owner assessed. If a certificate is required to be filed with council relating to the public improvement as otherwise provided in this part, then a copy of the certificate shall accompany the notice.

§ 21A03. Assessment based on front foot basis.

(a) General rule.--If council elects to collect the cost, including any administrative fees, of any improvement on the front foot basis, the cost to be collected shall be divided by the total number of linear feet of street frontage of each property benefited, and there shall be assessed against each property that portion of the cost which is determined by multiplying the dividend of the prior calculation by the number of linear feet for street frontage of that property.

(b) Certificate of assessment.--Council shall issue a certificate of assessment when assessing on the front foot basis duly certified under the seal of the borough and attested by the president of council and secretary. The certificate of assessment shall be prima facie evidence in any suit for recovery of the same of the correctness and validity of the assessment.

(c) Adjustments in assessments.--Notwithstanding subsection (a), council may make equitable adjustments for corner lots, lots of irregular shape or, where special conditions exist, where an assessment for full frontage would be unjust.

§ 21A04. Assessment of benefits conferred.

(a) General rule.--In lieu of the front foot basis, council may elect to have the benefits of public improvements assessed, in whole or in part, upon property benefited, improved or accommodated by assessing an equal assessment on the properties benefited, improved or accommodated in proportion to the total cost of construction of the improvement. The amount of the charge on each property shall be determined by council.

(b) Certificate.--Council shall issue a certificate of assessment when assessing benefits upon property benefited, improved or accommodated, duly certified under the seal of the borough and attested by the president of council and secretary. The certificate of assessment shall be prima facie evidence in any suit for recovery of the same of the correctness and validity of the assessment.

§ 21A05. Assessment awards.

In proceedings to assess benefits, if the land or property is both benefited and damaged by the public improvements, the excess of damages over benefits, the excess of benefits over damages or nothing in case the benefits and damages are equal shall be awarded to or assessed against the owner of land and property affected. Damages shall be calculated pursuant to 26 Pa.C.S. (relating to eminent domain).

§ 21A06. Petition for viewers.

(a) Petition.--Taxpayers of the borough whose property is being assessed for benefits for a public improvement may present a petition to the court of common pleas stating that the assessment insufficiently represents the benefits accruing to abutting, benefited or accommodated properties. The petition may include a request for the appointment of viewers to assess benefits if at least 50% of the taxpayers whose parcels are abutting, benefited or accommodated by the public improvement in question join the petition or if taxpayers whose property valuation as assessed for taxable purposes within the borough amounts to at least 50% of the total property valuation of the properties being assessed for the public improvement join the petition. The petition must be presented within three months of the enactment of the ordinance levying the assessment.

(b) Viewers.--The court shall appoint three disinterested viewers, none of whom shall be a resident of that portion of the borough that is benefited or accommodated by the public improvement in question, and the viewers shall proceed under this part and 26 Pa.C.S. (relating to eminent domain) for the assessment of damages and benefits by viewers. Upon the filing of the petition by taxpayers for the appointment of viewers, any assessment made by the council and any proceedings shall be stayed pending the disposition of the petition by the court.

§ 21A07. Payment of assessments in installments.

(a) Installments.--If an ordinance is passed providing for a public improvement, the expense of which is to be defrayed by an assessment against properties benefited by the improvement, either by the front foot or benefit conferred method, the ordinance shall specify the length of time over which the installments may be extended and whether payments are to be made by equal annual or more frequent installments. If the provisions of section 21A01(b)(2) (relating to authority to assess) and this subsection conflict, the provisions of section 21A01(b)(2) shall prevail to the extent of the conflict.

(b) Commencement of payments and rate of interest.--The ordinance shall set a time when the installment payments shall commence and shall set forth the rate of interest for the installments which shall not be more than 6% per year.

(c) Installment agreement.--The borough shall enter into a written installment agreement with each property owner, subject to the requirements of the ordinance pertaining to the agreements and this chapter.

(d) Unpaid installments.--If an installment remains unpaid for 60 days after it has become due and payable, the entire unpaid assessment, plus unpaid accrued interest and any costs, shall be due and payable, and the borough solicitor shall proceed to collect it by filing a lien in the same manner as municipal claims are filed or by action in assumpsit.

(e) Prepayment.--A property owner upon whom an assessment has been made may pay all or as many of the installments before they are due, with interest and costs to the due date of the next installment.

§ 21A08. Collection of assessments.

(a) Collection methods.--If an assessment remains unpaid at the expiration of the 30-day personal notice and an installment agreement has not been entered into pursuant to section 21A06 (relating to petition for viewers), the borough solicitor shall collect the unpaid assessment, with interest from the time of completion of the improvement or from the time of filing a certificate of assessment with council, plus costs, by filing a lien to be collected in the same manner as municipal

claims or by action in assumpsit. When a property owner has two or more lots against which there is an assessment for the same improvement, all of the lots may be embraced in one claim.

(b) Payment location.--Assessments, whether paid one time or by installments, shall be payable at the office of the borough treasurer or any other place as the applicable ordinance shall provide.

§ 2201. Authority of boroughs.

(a) General rule.--Any borough may, by ordinance, after obtaining any required permit from the Department of Environmental Protection or other Federal or State entity do the following:

(1) Widen and deepen any watercourse running through or within the borough and erect dykes, retaining walls and embankments along the watercourse as may be necessary to prevent the water from overflowing the banks.

(2) Confine and pave any watercourse or portion thereof, other than a navigable stream.

(3) Engage in channel improvement through the construction and maintenance of storm sewers and the accumulation and discharge of water into storm sewers.

(4) Vacate or alter the course or channel of any watercourse, other than a navigable stream.

(5) Acquire, operate and maintain areas for the infiltration, detention or retention of storm water and for other methods of storm water management authorized by the Department of Environmental Protection.

(b) Authorization and consent.--For any purpose set forth in subsection (a), a borough may enter upon and condemn property and materials as may be necessary. No borough may confine and pave, vacate or alter any watercourse used by any municipality, municipal authority or water company as a source of supply unless the municipality, municipal authority or water company shall first consent to the confining and paving, vacation or alteration.

§ 2202. Right of entry upon lands.

A borough may enter upon any land lying near a watercourse and secure the material as may be necessary for the purpose of making and repairing the embankments along the watercourse when the material cannot be obtained by contract at a reasonable price. The borough shall cause no unnecessary damage to the owners of the land, shall repair any fences, structures or damage to the land that is caused by the borough and shall compensate the owner, either by agreement or in accordance with 26 Pa.C.S. (relating to eminent domain), for any materials obtained under this section.

§ 2203. Manner of financing work.

A borough may pay for the costs and expenses of any work authorized under section 2201 (relating to authority of boroughs) wholly or in part from money of the borough available for the purpose. To the extent that a borough does not receive assistance from the Federal, State or county government for the costs and expenses of the work, the borough may assess the

Any person aggrieved by any ordinance enacted or action taken pursuant to sections 2201 (relating to authority of boroughs), 2202 (relating to right of entry upon lands) and 2203 (relating to manner of financing work) may file a complaint with the court of common pleas to fix and determine the damages for property taken, injured or destroyed under 26 Pa.C.S. § 2205. Unlawful to build within right-of-way of storm sewers.

It shall be unlawful for a person to erect a building or make an improvement within the right-of-way of a storm sewer laid out after due notice of the laying out of the storm sewer. If the erection or improvement is made, no allowance shall be made in the assessment of damages.

§ 2206. Power to acquire storm sewer systems.

(a) General rule.--A borough may, by ordinance, acquire ownership of storm sewers, culverts and the necessary inlets and appliances for surface, under surface and storm sewer drainage by purchase, by the exercise of eminent domain pursuant to 26 Pa.C.S. (b) Regulations.--Council may make regulations for the protection of water pipes, reservoirs and other apparatus used in the supplying or storing of water, for the prevention of the waste of water supplied and for the drilling of water wells within the borough.

(c) Rates.--Council shall fix the rates to be charged for the water furnished to individuals, partnerships, associations or corporations and shall provide for the collection of water rents from users of water supplied by the borough. The borough's provision of water to users outside the borough limits as to character of service, extensions and rates shall be subject to any applicable approval, regulation or control imposed by 66 Pa.C.S. Pt. I (relating to Public Utility Code).

§ 2402. Contracts not to abridge powers.

A borough's power to construct and operate a water system as provided in section 2401 (relating to power to supply water and make regulations) shall not be abridged by the borough entering into a contract with a person or corporation for the supply of water, but the power shall remain in force as though the contract had not been made.

The refunding bonds shall be issued as utility bonds pursuant to 53 Pa.C.S. Pt. VII Subpt. B (relating to indebtedness and borrowing). The issued bonds shall not be deemed to be the creation of new obligations but shall be deemed a continuation of the bonds existing or created at the time of the original acquisition of the water system.

(b) Time, interest rate and amount.--The bonds shall not be refunded for a longer period than 20 years, and the refunding lien bonds issued shall not bear interest at a rate exceeding 6%. The aggregate amount of the issued refunding lien bonds shall not exceed the amount of the bonds to be refunded. Any money placed in any fund by the borough or by any commission of the water system for the purpose of redeeming or paying the bonds at maturity shall be first applied to the payment of the principal of the bonds to be refunded, and the balance of the bonds only shall be refunded by the issue of new bonds.
